how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies and a critical reconsideration might also prompt a self-critical reconsideration of the still burgeoning market for infant care advice today *Fantasy and Horror* Neil Barron,1999-06-17 More than 2 300 works of fiction and poetry are discussed each cross-referenced to other works with similar or contrasting themes Winners and nominees for major awards are identified Books that are part of a series are flagged with a complete list of books in series included in a final chapter along with a comprehensive list of awards of translations and of young adult and children's books MLA International Bibliography of Books and Articles on the Modern Languages and Literatures ,2008 **The Godwinian Novel** Pamela Clemit,1993 The Godwinian Novel is a pioneering analysis of the school of fiction inaugurated by William Godwin and developed in the works of his principal followers Charles Brockden Brown and Mary Wollstonecraft Shelley In the first study of these authors as a historically specific group Pamela Clemit argues for a greater unity between Godwin's fictional techniques and his radical political philosophy than has been perceived Her analysis of the works of Brown and Mary Shelley moreover reveals how these writers modified reshaped and redefined Godwin's distinctive themes and techniques in response to shifting ideological pressures in the post-revolutionary period Examining prose fiction in a period traditionally seen as dominated by poetry Clemit stresses the necessity for a revised view of British Romanticism Uncovering the links between Godwin's fictional analysis of subjective experience and his progressive political philosophy The Godwinian Novel paves the way for a reappraisal of the apparently quietistic and introspective concerns of other writers of the period English Journal ,1922 **The Last of the Great Romantic Poets** Donald Sidney-Fryer,1973 The New Cambridge Bibliography of English Literature: Volume 3, 1800-1900 George Watson,1969 More than fifty specialists have contributed to this new edition of volume 3 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Science Fiction and Fantasy Reference Index, 1985-1991 Halbert W.
