The Philosophy Of Existentialism Gabriel Marcel:

The Philosophy of Existentialism Gabriel Marcel, 2002 An exposition in five parts of the character of existentialist philosophy including an analysis of the theories of Jean Paul Sartre Author Gabriel Marcel a famous French dramatist philosopher and author of *Le Dard* was a leading exponent of Christian existentialism **Being and Having** Gabriel Marcel, 2011-03-23 I hope that this book will be widely read and I especially commend it to four classes of persons I For myself I have come across nothing more important than M Marcel s writings here and elsewhere on the problem of metaphysics I say problem advisedly for we are all of us these days in the end puzzled as to what exactly metaphysics is The strict Thomist has his answer so has the positivist so too the Biblical theologian who is much too ready to find in the decay of ontology an argument for the authenticity of Biblical perspectives M Marcel was trained in the tradition of idealism and he knew the influence both of Bergsen and of W E Hocking His conversation with himself certainly betrays their influences but it is of far wider significance Professor Ayer and Dr E L Mascall have their answer to the question what ontology is they have their formulae Marcel probes beneath these answers for him ontology is much more than a body of doctrine It is the intellectual expression of the human situation what is expressed in the syllogisms of for instance P re Garrigou Lagrange is valid only in so far as it catches and summarises the very being of man and the universe as that being is lived through and met with by man in his pilgrimage through life I find as I read M Marcel that the frontiers are blurred reflection metaphysics spirituality And that is the strength of his seemingly inconsequent method In a way he is too wise to suppose that the arguments of the philosophia perennis are enough in their abstract form to convince a man they only carry conviction in relation to a whole experience of life of which they are the expression The issues between the Thomist the positivist the idealist are not issues simply of doctrine but of life and to see what they are one must probe stretching language beyond the frontiers of poetry somehow to convey the issues as things through which men live 2 The book should be studied closely by the moralist whether he be philosopher or moral theologian Where some of the most familiar ethical ideas are concerned Marcel reminds us of their inside when we so often in our discussion think simply of their outside What is a promise We have our answer pat our formula which permits us to go on with the discussion of our obligations to keep the promises we have made and so on We don t wait to probe I find myself inevitably using that word probe again and again in connection with M Marcel for what he does is to probe the unsuspected profundities of the familiar Most professional students of ethics are morally philistine men who give little time to penetrating the inside of the ideas they are handling And there Marcel pulls them up short 3 The book should be widely read by the many Christian fellow travellers of today those who follow as it were afar off the Christian way without themselves coming yet to the point of an act of faith in the Crucified Its very incompleteness will respond to their groping anxiety and it will enrich their vision of life And this it can do because it eschews dogmatic exposition seeking rather to shew the inside of the truly Christian way of life Fidelity hope charity mystery

these are fundamental categories of the Christian way and of all these Marcel has much to say which is in every way fresh and yet at the same time rooted in the tradition of Catholic Christianity The reader of such a work as Albert Camus *La Peste* with its preoccupation with the problem of an atheistic sanctity will understand M Marcel In a way he challenges the possibility of Camus vision and he does so not on dogmatic grounds but by an analysis of holiness and goodness which shews indirectly their inseparability from acknowledgment of the all embracing mystery of God An age which has known evil as ours has and does still know it is inevitably interested in goodness and it is with goodness as something inevitably issuing out of God because a gift from him that Marcel s studies deal 4 And lastly I commend this book because at a time when minuteness and subtlety of mind are too often the prerogatives of the light heartedly destructive he reminds us that a true minuteness and a true intellectual subtlety are rooted in humility and purity of heart and manifest the soil in which they are nourished by graciousness whose charm none can escape and a strength of argument which none can break *Gabriel Marcel's Perspectives on The Broken World* Gabriel Marcel,1998 Gabriel Marcel 1889 1973 was a French existentialist and playwright who authored some 30 plays and an equal number of philosophical writings This volume presents a translation of his four act play *The Broken World* with illustrations commentary a companion essay by Marcel titled *Concrete Approaches to Investigating the Ontological Mystery* and a number of relevant appendices Annotation copyrighted by Book News Inc Portland OR **The Mystery of Being** Gabriel Marcel,1950 **The Philosophy of Existentialism** Gabriel Marcel,1962 *The Philosophy of Gabriel Marcel* Gabriel Marcel,1984 An autobiographical essay Descriptive and critical essays on the philosophy of Gabriel Marcel with replies A bibliography of the writings of Gabriel Marcel compiled by Fran ois H Lapointe **The Philosophy of Gabriel Marcel** Kenneth T. Gallagher,2020-05-08 Professor Kenneth Gallagher provides a detailed and clear elucidation of the master of Christian Existentialism Gabriel Marcel THE PRINCIPAL AIM OF A BOOK ON THE PHILOSOPHY OF GABRIEL MARCEL ought to be to send the reader back to the original works in all their non expoundable concreteness Actually in the case of this relentlessly unsystematic thinker even to speak of his philosophy has a hollow ring for it suggests just the kind of carefully constructed edifice of doctrine which Marcel deliberately renounces An attempt to expound such a thought inevitably runs the risk of distorting it And yet the risk seems worth running For Marcel s thought while original and fascinating is so extremely elusive that it is a rare reader for whom it does not seem to cry out for interpretation The paradox is that this elusiveness is an essential constituent of his thought and any exposition which sought to eliminate it would be self defeating In the pages that follow I have sought to find the source of this elusiveness not in order to banish it but rather in order to discover its philosophical significance My hope has been that through a progressive penetration of Marcellian themes the animating principle behind his thought will gradually emerge What follows then is an exposition in the sense that an attempt has been made to bring the contours of Marcel s thought into clear focus but one which preserves the freshness of his approach From the author s introduction *Tragic Wisdom and Beyond* Gabriel

Marcel, 1973 This volume presents two works by Gabriel Marcel The first *Tragic Wisdom and Beyond* a collection of his later writings shows the impact of his encounter with the later writings of Heidegger The second *Conversations between Paul Ricoeur and Gabriel Marcel* is a series of six conversations between Marcel and his most famous student

The Decline of Wisdom Gabriel Marcel, 1969 **Time in the Philosophy of Gabriel Marcel** Helen Tattam, 2013 Gabriel Marcel 1889 1973 stands outside the traditional canon of twentieth century French philosophers Where he is not simply forgotten or overlooked he is dismissed as a relentlessly unsystematic thinker or following Jean Paul Sartre s lead labelled a Christian existentialist a label that avoids consideration of Marcel s work on its own terms How is one to appreciate Marcel s contribution especially when his oeuvre appears to be at odds with philosophical convention Helen Tattam proposes a range of readings as opposed to one single interpretation a series of departures or explorations that bring his work into contact with critical partners such as Henri Bergson Paul Ricoeur and Emmanuel Levinas and offer insights into a host of twentieth century philosophical shifts concerning time the subject the other ethics and religion Helen Tattam s ambitious study is an impressively lucid account of Marcel s engagement with the problem of time and lived experience and is her first monograph since the award of her doctorate from the University of Nottingham

A Gabriel Marcel Reader Gabriel Marcel, 2011 French existentialist philosopher Gabriel Marcel 1883 1973 is one of the most influential thinkers of the twentieth century The central themes of his philosophy which are developed with a blend of realism concreteness and common sense continue to be relevant for the plight of humanity in the twentieth first century Marcel s thought emphasizes the attempt to safeguard the dignity and integrity of the human person by emphasizing the inadequacy of the materialistic life and the unavoidable human need for transcendence the inability of philosophy to capture the profundity and depth of key human experiences and so the need to find a deeper kind of reflection the importance of the experience of inter subjectivity which Marcel believes is at the root of human fulfillment and which also finds expression in the transcendent dimension of human experience a dimension that cannot be denied without loss and that often gives meaning to our most profound experiences Marcel is also one of the few contemporary thinkers who manages to do justice to the subjectivity and individuality of the human person while avoiding the relativism and skepticism that has tended to accompany these notions and that has plagued contemporary philosophy after Heidegger He makes an unwavering effort to challenge the moral relativism and spiritual nihilism of his French rival Jean Paul Sartre and of other representative existentialist philosophers All of Marcel s important ideas are introduced here ranging from his unique conception of philosophy to his original approach to epistemology and the nature of knowledge to his view on the nature of the human person including the idea of being in a situation and the importance of the context that the subject lives in for the subject s ideas and experiences to his approach to religious themes including the issues of the rationality of religious belief the question of God s existence and our longing for the transcendent and his concrete approaches of fidelity hope love and faith There are also selections in which he discusses some of his misgivings

about the direction of contemporary culture especially the effects of technology Book jacket [Gabriel Marcel and Existential Philosophy](#) Steven Gerald Brooks,1976 *The Mystery of Hope in the Philosophy of Gabriel Marcel, 1888-1973* Albert B. Randall,1992 This study explores Marcel s understanding of hope as it relates to many categories including activity act life anxiety strangeness availability unavailability being having captivity trials charity communion intersubjectivity concrete philosophy creativity death desire despair faith prayer sacrifice suicide and many others In addition the book offers a spiritual biography of Marcel based on his two essays in autobiography a bibliography of secondary material and appendices which index Marcel s major passages on the themes described above **Homo Viator** Gabriel Marcel,2010 This edition of Marcel s inspiring Homo Viator has been updated to include fifty seven pages of new material available for the first time in English making this the first English language edition to conform to the standard French edition Here Christianity s foremost existentialist of the twentieth century gives us a prodigious personal insight on man on the way that will reinforce and commend our own pilgrimages in hope Book jacket [Gabriel Marcel](#) Denis P. Moran,1992 This work demonstrates the effects of a personalist approach to education The philosophical and dramatic works of Gabriel Marcel are explored in an attempt to demonstrate the key philosophical concepts of this French Existentialist philosopher which might provide a foundation for a philosophy of education The principal concepts treated are mystery presence being having fidelity promise hospitality transcendence and disponibility Contents Introduction Formative Influences Illumination Being and Having Problem and Mystery Hospitality and Disponibilit in Le Dard Personalist and Rationalist Emphases in Contemporary Education Conclusion Works Bibliography Index [The Philosophy of Existence](#) Gabriel Marcel,1948 *Metaphysical Journal* Gabriel Marcel,1952 Donated by Sydney Harris *The Philosophy of Existentialism* Gabriel Marcel,1973 [The Fellowship of Being](#) John B. O'Malley,2012-12-06 This book is the fruit of a critical inquiry into the nature and scope of Marcel s philosophie achievement As such it is concerned less with affixing the appropriate label personalist or existentialist to Marcel s thought and with it making it stick than with discovering the precise impulse and tenor ofhis philosophy In the process ofthat more general inquiry the writer found being forced upon him a central concept as integrating focus of Marcel s philosophie investigations This eonept was that of the person Gradually it emerged as a concept not only of prime importance for understanding the underlying harmony that pervades Marcel s professedly unsystematic researches but equally as one of profound significance for any philosophy that pretends adequately to account for human experience Furthermore it seemed that the eonept derived much ofthat significance from its acceptance precisely in the context of Marcel s thought This feature ofMareel s philosophie writings alone is warrant enough for overcoming any initial embarrassment aroused in Anglo Saxon breasts by his style For to speak candidly that style is of a generation and a climate whose tastes little accord with palates trained to a greater astringency Nor will Marcel s evident and unashamed concern with life and its problems necessarily evoke a warm response in minds accustomed to operate in an atmosphere of stricter
