The Project On Integrated Urban Development Master Plan:

Urban Mobilities in the Global South Tanu Priya Uteng, Karen Lucas, 2017-11-27 The book considers urban mobilities and immobilities in the Global South through an exploration of the theoretical and methodological entry points that can be used to further the agenda of transport planning Transport system improvements can and do have complex and unequal impacts on different sectors of society Conventional approaches to analysing travel demand and transport system performance developed in the Global North are typically ill equipped to identify and understand the complexities and inequities in urban areas of the Global South Using case studies from urban Africa and Asia the book addresses the need to understand the lived world of mobilities and use this knowledge to address issues that are central to our urban existence in the 21st century

The Elgar Companion to Urban Infrastructure Governance Finger, Matthias, Yanar, Numan, 2022-04-22 A comprehensive overview of the governance of urban infrastructures this Companion combines illustrative cases with conceptual approaches to offer an innovative perspective on the governance of large urban infrastructure systems Chapters examine the challenges facing urban infrastructure systems including financial economic technological social ecological jurisdictional and demand

Urban Planning Challenges and Innovations in Sub-Saharan Africa Abubakari Ahmed, Millicent A.

Akaateba, Bernard A. A. Akanbang, 2025-07-16 Urban planning practice in Sub Saharan Africa increasingly encounters complexities due to the confluence of urbanisation climate change and their interconnected drivers and consequences The potential effect of these complexities on achieving the sustainable development goals is significant This book explores the unique challenges faced by rapidly growing cities in Sub Saharan Africa including urban crime informality land governance development control and the degradation of green spaces as well as how these issues are addressed in planning education and emerging innovations The book presents various case studies from selected African countries emphasising contemporary urban challenges and innovative strategies including implementing artificial intelligence which is being adopted to tackle these issues Chapters analyse the significance of reflective planning hybrid governance international development and technological advancements in influencing the future trajectory of urban development planning By providing a comprehensive overview of these issues this book serves as a crucial resource for urban planners policymakers scholars and students dedicated to the sustainable development of cities in Sub Saharan Africa

Transport Planning and Mobility in

Urban East Africa Nadine Appelhans, Wolfgang Scholz, Sabine Baumgart, 2020-11-26 This book critically explores the relationship between mobility patterns transport provision and urban development in East African cities Bringing together contributions on the futures of mobility in urban East Africa the chapters examine transport provision mobility patterns location specific modes of transport and transformative factors for transport and mobility in the rapidly urbanising region The book outlines different mobility needs to be addressed in transport planning to serve and shape the respective cities and examines the decision making process in transport planning and the level of accountability to the public The contributors

show the dialectic between innovation in transport mobility and urban development under rapid urbanisation and discusses how to practically integrate mobility and transport provision into urban development This book will be of interest to scholars in urban planning transport planning transport geography social sciences and African studies **Integrated Urban Infrastructure Development in Asia** Kulwant Singh, Florian Steinberg, Nathaniel von Einsiedel, 1996 The Premise Of The Book Is That The Magnitude Of Investment Required To Meet The Backlog Of Urban Infrastructure Is So High That Budgetary Allocations Alone Won T Suffice It Will Require Stimulation Of Local Revenue Manifold Increase In The Flow Of Loan Finance And Innovative Schemes Of Ressource Mobilization Involving The Private Business Sector *Everyday Urban Practices in Africa* Nadine Appelhans, Carmel Rawhani, Marie Huchzermeyer, Basirat Oyalowo, Mfaniseni Fana Sihlongonyane, 2024-08-14 This book disrupts the dominant underlying international norms informing urban development strategies across African cities International policy frameworks have created a new universal agenda for developing cities However these frameworks have also imposed global paradigms and discourses that are often in conflict with local urbanisms As we approach the deadline for achieving the Sustainable Development Goals there is need for reflection and deliberation on a post 2030 agenda The authors identify powerful assumptions norms and positionalities that obfuscate the efforts to achieve sustainable development in African cities as well as along the North South divide They argue that a disruptive critique of these normative concepts grounded in the lived African urban everyday opens up opportunities to dismantle their assumed neutrality Through disruption the authors critically re interpret the meanings of policy and the praxis of local urbanism ultimately challenging the logic of universalising concepts underpinning implementation in the current international policy system and asserting the need for contextualised urban policies The book will be of interest to scholars and students of urban studies development planning urban governance human settlements development studies urban geography and African studies It will also be useful for practitioners including town and regional urban planners urban policy consultants and international development cooperation agencies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Multi-year plan urban development** Indonesia. **Integrated Urban Infrastructure Development Project**, 1987 **Dhaka Megacity** Ashraf Dewan, Robert Corner, 2013-09-09 The book **Dhaka Megacity Geospatial Perspectives on Urbanisation Environment and Health** presents the use of geospatial techniques to address a number of environmental issues including land use change climatic variability urban sprawl population density modelling flooding environmental health water quality energy resources urban growth modelling infectious diseases and the quality of life Although the work is focused on the Megacity of Dhaka in Bangladesh the techniques and methods that are used to research these issues can be utilized in any other areas where rapid population growth coupled with unplanned urbanization is leading to environmental degradation The book is useful for people working in the area of Geospatial Science Urban Geography Environmental Management and International
