Evenings with Idries Shah Idries Shah,2019-12-06 Evenings with Idries Shah collected by R Easterling and Kamil Hafiz The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than entertaining fairy tales or folk tales they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision In this little book Idries Shah explains the nature of the teaching story and how the reader might approach this amazing material

The Sufis Idries Shah,1971
Commanding Self Idries Shah,2020-02-07 The Commanding Self in Sufic terminology is that mixture of the primitive and conditioned responses common to everyone which inhibits and distorts human progress and understanding This book was described by Shah as the key to understanding his entire corpus of work While complete in itself as an anthology of hitherto unpublished work it serves to illustrate and amplify Idries Shah s preceding books on the Sufi Way In its introduction he writes Thousands of books and monographs have been written on Sufism and the Sufis almost all of them from the point of view of other ways of thinking The result has been chaos in the literature and confusion in the reader Over the centuries some of the world s most eminent scholars have fallen into the trap of trying to examine access or consider the Sufi phenomenon through a set of culture bound preconceptions

Sufis Idries Shah,2020-06-20 The Sufis is the best introduction ever written to the philosophical and mystical school traditionally associated with the Islamic world Powerful concise and intensely thought provoking it sums up over a thousand years of Eastern thought the product of some of the greatest minds humanity has ever produced into a single work presenting timeless ideas in a fresh and contemporary style When the book was originally published in 1964 it launched its author Idries Shah on to the international stage attracting the attention of thinkers and writers such as J D Salinger Doris Lessing Ted Hughes and Robert Graves It introduced to the

Western world concepts which have subsequently become commonly accepted varying from the psychological importance of attention and humour to the use of traditional tales as teaching instruments what Shah termed teaching stories and the historical debt owed by the West to the Middle East in matters scientific literary and philosophical As a primer for the many dozens of Sufi books that Shah later produced it is unsurpassed offering a clear window onto a community whose system of thought and action has long concerned itself with the advancement of the whole of humankind and whose ideas about individuals and society their purpose and direction need to be understood now more than ever before

The Eschatological Code And Eternal Recurrence Bahtiyar Atman,2015-10-30 What will indeed happen after 2012 Where can humanity find the answers to old mysteries that have existed for centuries or millennia Uncover the truth in The Eschatological Code And Eternal Recurrence a book about the whole truth where the author reveals secret mysteries such as the Christ code why the pyramids were built and the new world religion of Hermes Trismegistus that Henry the Felicitous prophesized to be the Chosen One by Nostradamus will present after the year 2012 The Wonder of Garabandal presenting a construct of ideas in which both Turkey as a representative of the Islam and the West find a common place is not only the catalyst for the new world religion of Hermes Trismegistus it is also one more secret mystery that the author has become the first person to reveal and present The philosophy presented in this book one that reveals many mysteries brings the reader directly into the Garden of Eden which however is to be understood mentally and spiritually In addition this book is also a rich source of spiritual knowledge from all currents of the human sciences taught by guides to living of world renown Proof of reincarnation prophesy Enlightenment positive thinking Sufism Buddhism healing comparative religion Atlantis and many more Ultimately it also deals with eschatology and the Latter Days Why eschatology and the Latter Days Why eternal recurrence and what will come then Let The Eschatological Code And Eternal Recurrence reveal the truth

The Sufis Idries Shah,2019-09-03 Perhaps the best introduction to the body of Shah s work the most comprehensively informative And one is immediately forced to use one s mind in a new way The New York Times When it first appeared in 1964 The Sufis was welcomed as the decisive work on the subject rich in scope clearly explaining the traditions and philosophy of the Sufis to a Western audience for the first time In the five decades since its release the book has been translated into dozens of languages and has found a wide readership in both East and West It is used as a text in scores of leading universities around the world and the material contained within it has been applied by psychologists and physicists by school teachers lawyers social workers and by ordinary members of the public Ted Hughes wrote of it An astonishing book The Sufis must be the biggest society of sensible men on earth and Nobel laureate Doris Lessing said of it I had waited my entire life to read this book

Sufi Mysticism Krishna Prakash Bahadur,1999 Exploding the fanaticism of religions the Sufis came with their message of love accommodation and truth Originating as a reaction against Islamic bigotry and persecution by the Arab Muslims particularly the Abbasi Caliphs they gradually spread all over the world Unfortunately some writers have been loath to recognise Sufism s broad mindedness and are inclined to squeeze into the narrow crevices of fanaticism and in the process to negate its affinity to asceticism neo platonism Vedanta and Vaishnavism It is often forgotten that Sufism is neither a religion nor a specific belief nor a school of thought It is more a way of life and a teaching which is essentially spiritual and aimed at discovering the real nature of the Soul All persons what ever religion or belief they belong to are candidates for the Sufi teaching

provided they have complete faith in the teacher and have been able to conquer their egos This study of Sufism endeavours to place it in its proper perspective as a universal doctrine open to all who are spiritually ripe to receive it **Classical Spirituality in Contemporary America** Michael Pittman,2012-03-01 An exploration of the relationship between major contemporary spiritual movements such as Sufism and Esoteric Christianity and the work of Gurdjieff
