

EMERGENCY PROCEDURES

Dial 911 | Visit [bso.ucla.edu](https://www.bso.ucla.edu)

MEDICAL EMERGENCY

CALL 911 from any available telephone (landline preferred) and describe the nature of the medical problem and the location of the emergency on campus.

If you have been trained, quickly:

- Control serious bleeding by applying direct pressure on the wound.
- If the victim is not breathing, begin CPR - Push hard and fast in the center of the chest.
- If an AED is available, turn on the unit and follow the simple instructions to use it.
- Keep the affected individual(s) still and comfortable. Have them lie down, if appropriate.
- Remain with the injured person until help arrives.

FIRE

1. **ACTIVATE** the fire alarm using a manual pull station.
2. **CALL 911.**
3. **EVACUATE** the building using the nearest exit or stairwell.
4. **ASSIST** anyone requiring help to evacuate the building
5. **DO NOT** use the elevators.
6. **NEVER** re-enter the building unless instructed to do so by Police or Fire personnel or your Warden.

FIRE EXTINGUISHER INSTRUCTIONS

- P** - Pull the pin on the extinguisher.
A - Aim the hose or nozzle at the base of the fire.
S - Squeeze the handle to activate the extinguisher.
S - Sweep the extinguisher back and forth at the base of the fire.

EVACUATION

- Do not delay your evacuation. Take your phone and keys but leave all personal items.
- Close the door to the office or classroom as you are leaving but do not lock it.
- Exit the building using nearest unobstructed exit or stairwell.
- Look to be sure everyone around you heard or saw the alarm and are leaving the building too.
- Make every effort to evacuate persons with physical limitations without interfering with the egress of others. If a person cannot be moved they may shelter in place.
- Assemble in the designated Assembly Area and report to your Area Warden. Remain there.

ACTIVE SHOOTER

BE PREPARED TO RUN, LOCK DOWN, OR TAKE ON THE SHOOTER.

- If possible, quickly exit the building and evacuate to a safe area away from danger.
- **CALL 911**
- If it is not possible to exit safely, get to an enclosed room or office and lock and barricade the door. Turn off the lights and keep quiet. Turn down your cell ringer. Take protective cover.
- If the armed assailant enters your area, your option may be limited to fighting them to survive.
- Use anything you can find as an improvised weapon and attack with others if possible.
- Do not give up for any reason. Try to disable the intruder.

EARTHQUAKE

IF INDOORS:

- Immediately **DROP, COVER, and HOLD ON** under a sturdy desk or table.
- If no table is available, position yourself along an interior wall, staying away from glass windows, shelves, and heavy equipment which could topple over onto you.
- **NEVER** attempt to exit a building during a quake.

IF OUTDOORS:

- Move quickly away from buildings, trees, and power lines. Stay in an open area.

BOMB THREAT

IF YOU ARE CALLED BY A PERSON THREATENING A BOMB ATTACK:

- Have someone else **CALL 911.**
- Keep talking to the caller as long as possible and ask the following:
 1. What does the bomb look like? What kind of bomb is it?
 2. What is your name?
 3. Why did you place the bomb? Where is the bomb?
 4. When is the bomb going to detonate?
- Note any noticeable characteristics of the caller.

SHELTER-IN-PLACE

Certain incidents like hazardous spills may require that you and others shelter-in-place. Every situation is different, but the following general steps apply to most scenarios:

- Select a small, interior room, with no or few windows and close all windows and exterior doors.
- Turn off all fans, heating, and air conditioning systems.
- If instructed to do so, use whatever is available (e.g. plastic sheets and duct tape) to seal all cracks around the door and vents into the room.
- Remain indoors until you receive an **ALL CLEAR** via BruinAlert

HAZARDOUS MATERIALS

In the event of a hazardous spill or release occurs within a laboratory or other location:

- If it can be done safely, contain the spill to prevent its spread
- **CALL UCPD or UCFD (911).** Always notify EH&S (x55689) of any spill, even if small.
- If the release or spill cannot be contained in the area, activate the nearest fire alarm pull station, notify personnel in the affected and adjacent areas, and leave the building.
- When emergency responders arrive, provide detailed information on the spill or release.
- If exposed, avoid contact with other students, faculty, or staff.
- Use your clothing or other clean, dry material to shield your nose, eyes, and mouth if possible.
