How to Write Ads That Get The Sale! Dr. Robert C. Worstell,2014-08-09 While the Masters of Marketing Secrets series had already been mined for the history of Advertising and Salesmanship classics I still hadn t told anyone which were the key books out of that dozen which held the core datums where a person could learn the rainmaking skill of copywriting From this

book series I've created this collection which specifically selected only the books which deal best with copywriting itself. The other two collections which preceded this dealt with the evolution of advertising itself and defined salesmanship in a low pressure scenario which is becoming more the way online sales has trended. In fact you'll get banned on various sites if you try anything else. This collection is bringing you the best and brightest of copywriting experts so you can learn first hand what it is that is required to get sales from every ad you write. For that is the test of good copywriting it gets the sale.

When Ads Work David M Jones, 2015-03-26 The accepted wisdom in advertising is that ad campaigns are good for building brand recognition and good will but not for immediate sales impact *When Ads Work* argues the opposite that well planned and well

executed advertising campaigns can and should have an immediate impact on sales Featuring numerous examples from recent ad campaigns the new edition of this popular book is a model for any successful advertising research program With a device he calls STAS Short Term Advertising Strength a measure of the immediate effect of advertising on sales the author demonstrates that the strongest ad campaigns can triple sales while the weakest campaigns can actually cause sales to fall by more than 50 percent He exposes sales promotions as wasteful especially when they are unsupported by advertising and also demonstrates the strong synergy that can operate between advertising and promotion when they are planned and executed in an integrated fashion When Ads Work offers eye opening research and practical information that no one who studies advertising or spends advertising dollars can afford to ignore
