Rose Army, 2002 SolidWorks 98 Plus : Training Manual : Parts, Assemblies and Drawings SolidWorks Corporation, 1998

Beginner's Guide to SOLIDWORKS 2024 - Level I Alejandro Reyes, 2024-02
Designed to teach new users the basic concepts of SOLIDWORKS and good solid modeling techniques
Uses a task oriented approach to learning SOLIDWORKS
Focuses on the processes to complete the modeling of a part instead of individual commands
Includes access to extensive video instruction
Covers commands found on the CSWA exam and includes a practice test
This book is intended to help new users learn the basic concepts of SOLIDWORKS and good solid modeling techniques in an easy to follow guide that includes video instruction
It is a great starting point for those new to SOLIDWORKS or as a teaching aid in classroom training to become familiar with the software's interface basic commands and strategies as users complete a series of models while learning different ways to accomplish a particular task
At the end of this book you will have a fairly good understanding of the SOLIDWORKS interface and the most commonly used commands for part modeling assembly and detailing after completing a series of components and their 2D drawings complete with Bill of Materials
The book focuses on the processes to complete the modeling of a part instead of focusing on individual software commands or operations which are generally simple enough to learn
Throughout this book the author introduces you to new commands that are required to pass the Certified SOLIDWORKS Associate exam as listed on the SOLIDWORKS website
A dedicated chapter provides you with details about the exam as well as a practice test to help you prepare for the actual exam
SOLIDWORKS is an easy to use CAD software that includes many time saving tools that will enable new and experienced users to complete design tasks faster than before
Most commands covered in this book have advanced options which may not be covered in this book
This is meant to be a starting point to help new users to learn the basic and most frequently used commands
Includes Video Instruction
Each copy of this book includes access to video instruction
In these videos the author provides a clear presentation of tutorials found in the book
The videos reinforce the steps described in the book by allowing you to watch the exact steps the author uses to complete the exercises while he provides additional details along the way
Captioned versions of these videos are also available for customers who want or need video captions
