**The Art of Strategic Listening** Robert I. Berkman, 2008 Social media is the catch all name for blogs Web forums YouTube MySpace FaceBook and the other internet based sites where consumers converse and share content All of this unsolicited and authentic discussion and opinion can be a great source of marketplace insight for companies From paying close attention to consumer discussions on blogs and other social media you can discover what new products or product features consumers would like to see and stay alert to emerging trends in your industry that could create new opportunities for your company Robert Berkman an experienced information specialist with several books to his credit gives detailed directions for specialized blog searches setting up RSS feeds and tracking buzz He also provides detailed information about vendors who supply blog monitoring services and discusses the pros and cons of using vendors or doing it yourself For marketers public relations firms strategic business analysts and corporate planners this book gives you everything you need to know to begin finding market intelligence in social media You will learn to look for trends distinguish a trend from a fad and determine the credibility of the information you uncover Moreover Berkman provides you with tips on organizing all the information you find to help you sift through it locate just the valuable and relevant content and reduce information overload

Understanding Cybersecurity Technologies Abbas Moallem, 2021-12-14 Cyberattacks on enterprises government institutions and individuals are exponentially growing At the same time the number of companies both small and large offering all types of solutions has been increasing too Since companies rely on technological solutions to protect themselves against cyberattacks understanding and selecting the right solutions among those offered presents a significant challenge for professionals company executives and newcomers to the cybersecurity field FEATURES Presents descriptions for each type of cybersecurity technology and their specifications Explains applications usages and offers case studies to enhance comprehension Offers an easy to understand classification of existing cybersecurity technologies Provides an understanding of the technologies without getting lost in technical details Focuses on existing technologies used in different solutions without focusing on the companies that offer these technologies This book is intended to help all professionals new to cybersecurity students and experts to learn or educate their audiences on the foundations of the available solutions *End Times* Peter Turchin, 2023-06-13 Peter Turchin brings science to history Some like it and some prefer their history plain But everyone needs to pay attention to the well informed convincing and terrifying analysis in this book Angus Deaton winner of the Nobel Prize in Economics From the pioneering co founder of cliodynamics the groundbreaking new interdisciplinary science of history a big picture explanation for America s civil strife and its possible endgames Peter Turchin one of the most interesting social scientists of our age has infused the study of history with approaches and insights from other fields for more than a quarter century *End Times* is the culmination of his work to understand what causes political communities to cohere and what causes them to fall apart as applied to the current turmoil within the United States Back in 2010 when

Nature magazine asked leading scientists to provide a ten year forecast Turchin used his models to predict that America was in a spiral of social disintegration that would lead to a breakdown in the political order circa 2020 The years since have proved his prediction more and more accurate and End Times reveals why The lessons of world history are clear Turchin argues When the equilibrium between ruling elites and the majority tips too far in favor of elites political instability is all but inevitable As income inequality surges and prosperity flows disproportionately into the hands of the elites the common people suffer and society wide efforts to become an elite grow ever more frenzied He calls this process the wealth pump it s a world of the damned and the saved And since the number of such positions remains relatively fixed the overproduction of elites inevitably leads to frustrated elite aspirants who harness popular resentment to turn against the established order Turchin s models show that when this state has been reached societies become locked in a death spiral it s very hard to exit In America the wealth pump has been operating full blast for two generations As cliodynamics shows us our current cycle of elite overproduction and popular immiseration is far along the path to violent political rupture That is only one possible end time and the choice is up to us but the hour grows late

I've Got Your Back Jorge Arteaga,Emily May,2022-05-10 From Jorge Arteaga and Emily May the cofounders of Right to Be I ve Got Your Back is an accessible and engaging step by step instructional guide to safe and effective bystander intervention Bystander interventi on is simply overcoming that freeze instinct when you witness harassment and getting back to the very human desire to take care of one another It s not about being the hero strapping on spandex and saving the day And it certainly isn t about sacrificing your own safety From the nonprofit organization Right to Be formerly Hollaback I ve Got Your Back teaches readers the ins and outs of bystander intervention using Right to Be s methodology the 5Ds of bystander intervention distract delegate document delay and direct Each chapter of the book dives deeply into what these Ds can look like in practice whether you are in public online or at work The rise in interest in bystander intervention comes at a moment when trust in the institutions historically responsible for keeping us safe is crumbling However as trust in our systems falters trust in our own agency and our own ability to create change is rising Perhaps for the first time we see that our actions matter Or at a minimum we know our actions are the only thing we can truly control We all have a role to play when it comes to ending hate and harassment in our communities If you re new to these efforts I ve Got Your Back will give you the skills to get started And if you ve been doing this work for years this book will provide you with the language to mentor others just beginning their journey
