Becoming a Migrant Worker in Nepal

Hannah Uprety, 2022-09-01. But which cultural, economic, and political infrastructures in the source countries make these types of migration possible in the first place? Based on multi-sensory ethnographic research in Nepal, Hannah Uprety retraces the practices of recruitment and instruction that step by step transform Nepali labor into an internationally marketable commodity. In doing so, she uncovers a migration regime that effectively turns local men and women into migrant workers before they even leave the country.
