Mother, She Wrote Yi-Lin Yu, 2005 In this enjoyable and insightful book Yi Lin Yu takes the heated and ongoing feminist debate over motherhood and maternal subjectivity onto a new plane in search of a new synthesis With its specific focus on the three tiered matrilineal narratives *Mother She Wrote* is distinguished by its complex and innovative deployment of psychoanalytic subject relations theories and a meticulous and detailed discussion of various literary texts which calls forth a powerful reformulation of these narratives One of the main strengths of this book is this simultaneous and tactful command of theory and literary practice Apart from advocating the burgeoning development of women's writing of matrilineal narratives the author also sheds new light on further research in the area of feminist motherhood and mothering Publisher's description

Analyzing the Different Voice Ellen S. Silber, 1998 The essays collected in *Analyzing the Different Voice* Feminist Psychological Theory and Literary Texts apply influential pathbreaking psychological studies about women's lives to literature In their analyses of fictional portraits contributors both challenge and confirm psychological theories about female identity about connection separation as developmental catalysts and about the impact of gender on voice moral decision making and epistemology in relation to classical and contemporary literary texts written by both women and men

Listening to Silences : New Essays in Feminist Criticism Elaine Hedges Professor of English and Director of Women's Studies Towson State University, Austin Shelley Fisher Fishkin Professor of American Studies and English University of Texas, 1994-09-22

[Tell This Silence](#) Patti Duncan, 2009-05 *Tell This Silence* by Patti Duncan explores multiple meanings of speech and silence in Asian American women's writings in order to explore relationships among race gender sexuality and national identity Duncan argues that contemporary definitions of U S feminism must be expanded to recognize the ways in which Asian American women have resisted and continue to challenge the various forms of oppression in their lives There has not yet been adequate discussion of the multiple meanings of silence and speech especially in relation to activism and social justice movements in the U S In particular the very notion of silence continues to invoke assumptions of passivity submissiveness and avoidance while speech is equated with action and empowerment However as the writers discussed in *Tell This Silence* suggest silence too has multiple meanings especially in contexts like the U S where speech has never been a guaranteed right for all citizens Duncan argues that writers such as Maxine Hong Kingston Mitsuye Yamada Joy Kogawa Theresa Hak Kyung Cha Nora Okja Keller

and Anchee Min deploy silence as a means of resistance Juxtaposing their unofficial narratives against other histories official U S histories that have excluded them and American feminist narratives that have stereotyped them or distorted their participation they argue for recognition of their cultural participation and offer analyses of the intersections among gender race nation and sexuality Tell This Silence offers innovative ways to consider Asian American gender politics feminism and issues of immigration and language This exciting new study will be of interest to literary theorists and scholars in women s American and Asian American studies

Transnational Canadas Kit Dobson,2009-08-04 Transnational Canadas marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English Tracking developments in the literature and its study from the centennial period to the present it shows how current work in transnational studies can provide new insights for researchers and students Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today s economic climate Transnational Canadas explores the legacy of leftist nationalism in Canadian literature It examines the interventions of multicultural writing in the 1980s and 1990s investigating the cultural politics of the period and how they increasingly became part of Canada s state structure Under globalization the book concludes we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being An original contribution to the study of Canadian literature Transnational Canadas seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously to look at the politics of identity beyond the rubric of multiculturalism and to rethink the slippery notion of the political for the contemporary era
