Open Mind

Ian Pickup

Open Mind:

The Limitations of the Open Mind Jeremy Fantl, 2018 When should you engage with difficult arguments against your cherished controversial beliefs The primary conclusion of this book is that your obligations to engage with counterarguments are more limited than is often thought In some standard situations you shouldn't engage with difficult counterarguments and if you do you shouldn't engage with them open mindedly This conclusion runs counter to aspects of the Millian political tradition and political liberalism as well as what people working in informal logic tend to say about argumentation Not all misleading arguments wear their flaws on their sleeve Each step of a misleading argument might seem compelling and you might not be able to figure out what's wrong with it Still even if you can't figure out what's wrong with an argument you can know that it's misleading One way to know that an argument is misleading is counterintuitively to lack expertise in the methods and evidence types employed by the argument When you know that a counterargument is misleading you shouldn't engage with it open mindedly and sometimes shouldn't engage with it at all You shouldn't engage open mindedly because you shouldn't be willing to reduce your confidence in response to arguments you know are misleading And you sometimes shouldn't engage closed mindedly because to do so can be manipulative or ineffective In making this case Jeremy Fantl discusses echo chambers and group polarization the importance in academic writing of a sympathetic case for the opposition the epistemology of disagreement the account of open mindedness and invitations to problematic academic speakers

The Open Mind Dawna Markova, 1996-01-01 Discusses six learning patterns based on the way auditory visual and kinesthetic information are processed and provides detailed descriptions of each pattern

Wise Mind, Open Mind Ronald Alexander, 2009-09-01 In Wise Mind Open Mind a pioneering psychotherapist shows readers how to use mindfulness meditation and Buddhist psychology to shift their perspective and open themselves to creativity in the face of crisis and upheaval

In Defence of Open-Mindedness William Hare, 1985-06-01 William Hare believes that open mindedness the disposition to form a belief and if necessary to revise or reject it in the light of available evidence and argument stands in need of a defence because it is under widespread attack In this sequel to his highly regarded Open mindedness and Education 1979 he examines the numerous ways in which opposition to open mindedness is expressed and shows how these criticisms can be countered He argues that the general indictment of open mindedness as a habit of mind leading to nihilism and scepticism as well as to neglect of the emotions is based upon a misunderstanding of the nature of the concept which in his opinion is by no means incompatible with personal commitment and confidence Similar confusions are exposed in such areas as elementary schooling moral education educational standards methods of teaching the administration of schools and the teaching of science In each of these areas examples are taken from the writings of influential critics to illustrate the nature of the doubts concerning open mindedness doubts that are carefully analysed and show to rest ultimately upon erroneous assumptions And since he believes that many who set out to champion open mindedness manage to confuse this

ideal with other notions Hare undertakes in a concluding chapter to protect the ideal from its would be friends and supporters

The Self-Awareness Code Digital World,2025-02-25 Napoleon Hill was a renowned author and thinker who developed important concepts for personal and professional success Its fundamental ideas include the importance of self discipline self confidence self motivation focus persistence and positive thinking to achieve goals He emphasized the importance of building solid relationships dealing with challenges in a resilient way and constantly seeking personal development In summary Napoleon Hill s teachings highlight the need for a positive and proactive mindset combined with diligent and strategic action to overcome obstacles and achieve success in various areas of life In this e book are some general tips for applying Hill s teachings for self awareness Don t give up on your goals even when things get difficult

Open Heart, Open Mind Tsoknyi Rinpoche,2012-04-03 In Open Heart Open Mind Tsoknyi Rinpoche one of the most beloved of the contemporary generation of Tibetan Buddhist meditation masters explains that a life free of fear

pain insecurity and doubt is not only possible it s our birthright We long for peace for the ability to love and be loved openly and freely and for the confidence and clarity to meet the various challenges we face in our daily lives Within each of us resides a spark of unparalleled brilliance an unlimited capacity for warmth openness and courage which Rinpoche identifies as essence love Timeless and imperishable essence love is often layered over by patterns of behavior and belief that urge us to seek happiness in conditions or situations that never quite live up to their promise Drawing on rarely discussed teachings of Tibetan Buddhism Rinpoche describes how such patterns evolve and offers a series of meditation exercises to help us unravel them and in the process reawaken an energy and exuberance that can not only bring lasting fulfillment to our lives but ultimately serve to enliven and inspire the entire world as well With great humor intelligence and candor Tsoknyi Rinpoche also details his own struggles to reconnect with essence love Identified at an early age as the incarnation of a renowned Tibetan master and subjected to a rigorous monastic training he ultimately renounced his vows married and is now the father of two daughters As he recounts his own efforts to strike a balance between the promptings of his heart and an obligation to preserve and protect the teachings of Tibetan Buddhism Rinpoche provides a bridge between ancient wisdom and modern life and encourages each of us to rediscover the openness fearlessness and love that is the essence of our own life
