## **Recent Ielts Exam Questions And Topics 2017:**

**Speaking Bridge** Omid Kalantar, 2025-10-17 Most international exams such as TOEFL and IELTS require candidates to speak fluently and accurately about unfamiliar topics. Developing this skill requires not only practice and thinking time but also consistent corrective feedback to help learners refine their accuracy and reduce hesitation. Without this preparation many students face difficulties in the exam and fall short of their desired scores. Speaking Bridge is a bridging workbook designed to close this gap. It gives learners the chance to practice speaking about unfamiliar topics in a structured way focusing on both fluency and accuracy. The workbook can be used flexibly either in a classroom setting under the guidance of a teacher or independently by motivated learners. The Speaking Bridge approach works in three stages: Preparation before class or practice learners prepare ideas on unfamiliar discussion topics which activates their passive linguistic knowledge and helps them retrieve complex grammar they already know but rarely use. Speaking in a stress free environment learners engage in debates or discussions where they can express their ideas without pressure practicing fluency while building confidence. Corrective feedback learners receive feedback during or after their speaking tasks which helps them notice and overcome errors and gradually improve their speaking accuracy. Through this process Speaking Bridge offers learners a systematic way to practice the exact type of speaking skills required in international exams: fluency, accuracy and the ability to communicate clearly on unfamiliar topics.

[The Politics of English Second Language Writing Assessment in Global Contexts](#) Todd Ruecker, Deborah Crusan, 2018-04-17 Reflecting the internationalization of the field of second language writing this book focuses on political aspects and pedagogical issues of writing instruction and testing in a global context. High stakes assessment impacts the lives of second language L2 writers and their teachers around the world be it the College English Test in China, Common Core aligned assessments in the U S, English proficiency tests in Poland or the material conditions such as access to technology training and other resources affecting a classroom. With contributions from authors working in ten different countries in a variety of institutional contexts the chapters examine the uses and abuses of various writing related assessments and the policies that determine their form and use. Representing a diverse range of contexts, methods and disciplines the authors jointly call for more equitable testing systems that consider the socioeconomic, psychometric, affective, institutional and needs of all students who strive to gain access to education and employment opportunities related to English language proficiency.
