**Research Methods for Leisure and Tourism [electronic Resource]**. Anthony James Veal,2006

*Cultural Tourism Research Methods* Greg Richards,Wil Munsters,2010 Cultural tourism includes experiencing local culture traditions and lifestyle participation in arts related activities and visits to museums monuments and heritage sites This book reviews a wide range of qualitative and quantitative research methods applied to the field It is suitable for students and researchers in tourism and leisure

**Tourism Research Methods** Brent W. Ritchie,Peter Burns,Catherine Palmer,2005 Within the tourism industry there is a growing consensus on the need for research to investigate the economic social and environmental impacts of tourism However existing research methods texts are based solely on either the business approach or the social science approach to tourism They often fail to provide real world examples of how to plan implement or analyse tourism related research This book aims to address this divide by integrating theory with practice through the inclusion of specific tourism research case studies alongside research theory It considers a wide range of research issues

approaches and techniques with contributions from both experienced and new researchers Qualitative Research in Tourism Jenny Phillimore, Lisa Goodson, 2004 Whilst qualitative approaches are beginning to be more commonly used and accepted in tourism discussions of research methods have rarely moved beyond practical considerations Limited attention given to the underlying philosophical and theoretical underpinnings that influence the research process This book links the theory with research practice to offer a more holistic account of how qualitative research can be used in tourism

*Research Methods for Leisure, Recreation and Tourism, 2nd Edition* Ercan Sirakaya-Turk, Muzaffer Uysal, William E Hammitt, Jerry J Vaske, 2017-04-13 Describing the fundamental elements of research methods for leisure recreation and tourism this new edition of a popular textbook is updated throughout It covers the measurement of variables sampling questionnaire design and evaluation methods and also a wider discussion of writing proposals communicating research findings cross cultural research and the use of new technologies in conducting research Written by internationally renowned researchers in an accessible style this book introduces both undergraduate and graduate students to the vital skills they will need to succeed in the leisure recreation tourism and hospitality industries *Handbook of Research Methods for Tourism and Hospitality Management* Robin Nunkoo, 2018-07-27 As research in tourism and hospitality reaches maturity a growing number of methodological approaches are being utilized and in addition this knowledge is dispersed across a wide range of journals Consequently there is a broad and multidisciplinary community of tourism and hospitality researchers whom at present need to look widely for support on methods In this volume researchers fulfil a pressing need by clearly presenting methodological issues within tourism and hospitality research alongside particular methods and share their experiences of what works what does not work and where challenges and innovations lie **Managing Environments for Leisure and Recreation** Richard Broadhurst, 2002-09-26 Can we balance the needs of the host the environment and the visitor Most people live for their leisure recreation and travel opportunities Managing Environments for Leisure and Recreation seeks to bring together the different strands of thought that inform the management of settings for leisure and recreation The text shows how a positive difference can be made to such activities by taking a balanced approach in managing for the environment and for people both now and into the future Managing Environments for Leisure and Recreation urges managers to balance the need for a systematic approach with the need for a systemic development of an environmental management ethic It is highly illustrated with over 50 line drawings and includes many case studies from around the world

Research Methods Carol Cutler Riddick, Ruth V. Russell, 2015 Organised in a step by step format this book thoroughly reviews the fundamentals of research methods developing the skills needed to carry out a small scale research investigation This third edition introduces a number of new features within each chapter including self tests questions designed to jump start one's own research and practice and web related exercises Likewise the revised instructor's manual includes new chapter figures plus a study guide review cast in a Jeopardy style game format Leisure, Recreation, and Tourism
