General Motors:

General Motors World, 1930 **Taking on General Motors** Eric Mann, 1987 General Motors Corporation v Department of Treasury, 466 Mich 231 (2002), 2002 116984 Emich Motors Corporation V. General Motors Corporation, 1949 *Sixty to Zero* Alex Taylor, 2010 An award winning journalist's insights into the auto industry the decline of once great companies and the failures of management The collapse of General Motors captured headlines in early 2009 but as Alex Taylor III writes in this in depth dissection of the automaker's undoing GM's was a meltdown forty years in the making Drawing on more than thirty years of experience and insight as an automotive industry reporter as well as personal relationships with many of the leading players Taylor reveals the many missteps of GM and its competitors a refusal to follow market cues and consumer trends a lack of follow through on major initiatives and a history of hesitance inaction and failure to learn from mistakes In the process he provides lasting lessons for every executive who confronts the challenges of a changing marketplace and global competition Yet Taylor resists condemning GM's leadership from the privileged view of hindsight Instead his account enables the reader to see GM's decline through the eyes of an insider with the understanding that corporate decision making at a company as large as General Motors isn't as simple as it may seem Taylor's book serves as a marvelous case study of one of the United States premier companies of which every American quite literally now holds a share *McAuley v. General Motors Corporation*, 457 MICH 513 (1998), 1998 106915 My Years with General Motors Alfred Sloan, 1990-10-01 My Years with General Motors became an instant bestseller when it was first published in 1963 It has since been used as a manual for managers offering personal glimpses into the practice of the discipline of management by the man who perfected it This is the story no other businessman could tell a distillation of half a century of intimate leadership experience with a giant industry and an inside look at dramatic events and creative business management Only a handful of business books have reached the status of a classic having withstood the test of over fifty years time Even today Bill Gates praises My Years with General Motors as the best book to read on business and Business Week has named it the number one choice for its bookshelf of indispensable reading **General Motors** Michael W. R. Davis, 1999 The General Motors Corporation was established in 1908 by William C Durant who combined the Buick Oldsmobile and Oakland companies and later Cadillac to form GM From the 1920s onwards GM grew from a firm that accounted for about 10% of new car sales in the U S to become the largest producer of cars and trucks in the world The peak of the company's power and market dominance came in the 1960s which proved to be the decade of change for the U S auto industry With the introduction of federal safety regulations and control tailpipe emissions GM's position as the world's largest industrial corporation changed Its marketing strategy was undone by competitive challenges and the business was never to be the same again General Motors A Photographic History explores the growth of the company in a series of over 200 black and white images From the first assembly line to post Second World War recovery images from the world auto shows and the

consequent re organization of GM take the reader on an intriguing visual tour of a tremendously important era in the industrialization of America *American Wheels, Chinese Roads* Michael J. Dunne, 2011-07-20 How could one company General Motors meet disaster on one continent and achieve explosive growth on another at the very same time While General Motors was hurtling towards bankruptcy in 2009 GM's subsidiary in China was setting new sales and profit records This book reveals how extraordinary people remarkable decisions and surprising breaks made triumph in China possible for General Motors It also shows just how vulnerable that winning track record remains No small part of GM's success in China springs from its management of shifting business and political relationships In China the government makes the rules for and competes in the auto industry GM's business partner the City of Shanghai is both an ally and a competitor How does such an unnatural relationship work on a day to day basis Where will it go on the future General Motors also engages in constant battles with other global and Chinese car makers for the hearts of demanding Chinese consumers Dunne gives us rare glimpses into the mindsets and behavior of this new moneyed set the world's newest class of wealthy consumers China is already the number one car market in the world During the next ten years China will export millions of cars and trucks globally including to the United States *American Wheels Chinese Roads* presents readers with fascinating illustrations of what to expect when Chinese cars companies and business people arrive on our shores Annual Report General Motors Corporation, 1929 **Annual Report of General Motors Corporation** General Motors Corporation, 1937 **A Story of General Motors** General Motors Corporation, 1942 **Moody's Manual of Railroads and Corporation Securities**, 1922 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1956 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December The Turning Wheel - The story of General Motors through twenty-five years 1908-1933 Arthur Pound, 2013-12-09 GENERAL MOTORS in 1933 reached its twenty fifth milestone Since the founding of General Motors Company of New Jersey in 1908 the growth of the organization has contributed a unique chapter to American industrial history From beginnings so small that its birth escaped notice in financial centers General Motors has worked its way steadily forward to a place where its leadership in many of the most exacting branches of production and distribution is taken for granted and where it meets the public of many lands with a wide variety of merchandise and services Scientific research close attention to dealer and consumer needs and constructive public policies are among the factors accounting for General Motors present strength My acquaintance with General Motors began at its birth in 1908 and as a somewhat impartial observer of social trends I have watched its progress with keen interest ever since ARTHUR POUND 1934 **Register of Planned Emergency Producers**, 1984 **Standard Corporation Descriptions** Standard and Poor's Corporation, 1940 *A Financial History of the American Automobile Industry* Lawrence Howard Seltzer, 1928 *Report of the Insurance Commissioner* Pennsylvania. Insurance Department, 1929 **The Timberman**, 1925
