Confederate Cherokees W Craig Gaines provides an absorbing account of the Cherokees involvement in the early years of the Civil War focusing in particular on the actions of one group John Drew s Regiment of Mounted Rifles As the war began The Cherokees were torn by internal political dissension and a simmering thirty year old blood feud Entry into the war on the Confederate side did little to resolve these intratribal tensions One faction loyal to Chief John Ross formed a regiment led by John Drew Ross s nephew by marriage Another regiment was formed by Ross s rival Stand Watie The Watie regiment was largely por Confederate whereas many of Drew s soldiers though fighting for the Confederate cause were secretly members of a pro Union antislavery society known as the Keetoowahs They had little sympathy for the southern whites who had driven them from their ancestral homelands in Alabama Georgia North Carolina Kentucky and Tennessee Drew s regiment nonetheless earned a degree of infamy during the Battle of Pea Ridge in Arkansas for scalping Union soldiers Gaines writes not only about the actions of Drew s regiment but about military events in the Indian Territory in general United action was almost impossible because of continuing factionalism within the tribes and the desertion of many Indians to the Union forces Desertion was so high that Drew s regiment was effectively disbanded by mid 1862 and the soldiers did not complete their one year enlistment Drew s regiment bears the distinction of being the only Confederate regiment to lose almost its entire membership through desertion to the Union ranks Gaines s solidly researched ground breaking history of this ill fated band of Cherokees will be of interest to Civil War buffs and students of Native American history alike
