

NACE International Attestation

Requirements for certification by NACE International include signing an Attestation. Failure to comply with the Attestation could result in disciplinary action.

The Attestation requires that an individual recognize and acknowledge that:

- The proper control of corrosion can be critical to the safety and welfare of the general public and industrial facilities.
- The control of corrosion is obligatory to maximize conservation of our material resources, and to reduce economic losses and to protect the environment.
- The entire field of corrosion and its control encompasses the application of the knowledge and experience of many diverse disciplines and levels of technical competence.
- Only through continual association and cooperation with others in this field can the safest and most economical solutions be found to the many corrosion problems.
- The quality of their work reflects on the entire profession of corrosion control.

The applicant is therefore asked to:

- Give first consideration in corrosion control work to public safety and welfare, and to the protection of the environment.
- Apply himself or herself with diligence and responsibility to the corrosion control work that is within the applicant's area of competence.
- Pursue work with fairness, honesty, integrity and courtesy, ever mindful of the best interests of the public, the applicant's employer, and of fellow workers.
- Not represent himself or herself to be proficient or make recommendations in phases of corrosion control work in which the applicant is not qualified by knowledge and experience.
- Avoid and discourage untrue, sensational, exaggerated, and/or unwarranted statements regarding the applicant's work in oral presentations, written texts, and/or advertising media.
- Treat as confidential the applicant's knowledge of the business affairs and/or technical process of clients, employers, or customers when their interests so require.
- Inform clients or employers of any business affiliations, interests, and/or connections which might influence the applicant's judgment.
- Uphold, foster, and contribute to the achievement of the objectives of NACE International.

Action Against Violations

Copies of the official procedure for action against someone who violates the Attestation are available from NACE International Headquarters. In summary, the procedure is that the person wishing to lodge the complaint should file the complaint in writing with the NACE International Executive Director. The complaint is reviewed by the NACE International Quality Committee. The person complained against is provided the opportunity to respond to the complaint. A course of appeal is available, extending ultimately to the NACE International Board of Directors.
