strongly again in 2016 with a provisional rate increase of 10.3% versus a year earlier SPON'S CIVIL ENGINEERING AND HIGHWAY WORKS PRICE BOOK 2017 from AECOM gives costs for both general and civil engineering works and highway works. It provides a full breakdown of labour, plant and material elements with labour rates updated. It is an essential component of infrastructure estimating, maturity benchmarking and cost intelligence and gives sound guidance for estimators, contractors and clients. This 31st edition incorporates a comprehensive review throughout. Plant and materials have increased though not as significantly as labour rates. Some item descriptions have been revised to reflect prices in the global market. And in detail: A revised structure for manhole construction to show detailed build up. New prices for pre-cast manholes with monolithic precast concrete bases. Updated rail supply and installation rates and a few more added items. Revised piling rates and descriptions. Highway pipe rates adjusted to reflect current market specifications and materials. Revised steel works prices to reflect deflation in this sector. Use the access code inside the front cover of the book to get set up with internet access to this edition until the end of December 2017. We now provide a VitalSource ebook giving a versatile and powerful online data viewing package. In a time when it is essential to gain competitive advantage in a congested market, this price book provides instant access cost information and forms a one-stop reference along with the standard features you have come to expect from SPON'S CIVIL ENGINEERING AND HIGHWAY WORKS PRICE BOOK for budgeting, estimating principles, on-cost advice, method-related charges for resource costings, labour costs, plant costs, material prices for rapid cost information, approximate estimates, dayworks, cost indices for plant and labour, allowances, production rates, outputs, man-hour constants for detailed pricing, unit costs with full breakdown or specialist prices with advice on item coverage, waste allowances and comparative costs for incidental advice, tables and formulae, technical information, professional advice, updated free of charge two or three times a year, see inside for registration details. Updates are available online at www.pricebooks.co.uk. LAXTON'S BUILDING PRICE BOOK 2007 V B Johnson, 2006-10-16. Now in its 179th edition, Laxton's has become a firm favourite in the UK Building Industry. With more prices and more in-depth build-ups, Laxton's offers more practical and complete information than any other price book available. This new edition takes into account major price variations that stem from raw material costs in the last few months. Higher fuel costs have impacted on prices across the board in particular costs of non-ferrous metals. Increased Copper sheet and pipe show price increases of well above 50% in the last year while zinc, lead and aluminium prices have also risen significantly. There are savings in plaster and drainage goods prices are down. All the prices in Laxton's are based on the new 3-year Construction Industry Joint Council wage rate agreement that came into force at the end of June 2006. Saving you time, comprehensive basic price and approximate estimating sections make putting together outline costings quicker and easier. Saving you effort, all the information you need on each measured item is clearly set out on a single page with a full break-down of costs. Saving you money, all 250,000 prices are individually checked and updated to make sure that your tender costs are precise. *Practical Building Construction*
