Introduction to Teaching Donald P. Kauchak, Paul D. Eggen, 2005 The second edition of the best selling case based introduction to teaching text *Introduction to Teaching: Becoming a Professional* is organized around three themes: Professionalism, Reform, and Decision Making which provide the threads that bind the topics of the chapters together. As the only case based introduction to teaching text, each chapter begins with a case study that provides a framework for the discussions that follow and helps the reader understand how chapter topics relate to the real world of teaching. NEW Expanded emphasis on decision making as a critical aspect of professionalism is introduced as a theme in Chapter 1 and further developed at the end of each chapter in a section titled *Decision Making: Defining Yourself as a Professional*. In this section, students are asked to think about personal and professional decisions that will influence the kinds of teachers they will be. NEW Expanded development of professionalism in Chapter 1 also includes discussion of INTASC principles, Praxis II, and professional portfolios and continues throughout each chapter to help students understand what professionalism means and how it is connected to classroom planning and practice. NEW Praxis Practice, a case based end of chapter feature, helps students prepare to successfully pass the Praxis II exam. Readers can submit their responses and receive feedback on our companion website. NEW Chapter case studies and corresponding icons are reformatted to help readers identify and more easily make the connection between the cases, chapter content, and classroom application. Continued in this edition are the popular features *Reflect on This Teaching* in an Era of Reform and *Exploring Diversity* which encourage the readers to visit the companion website for further research and applications.
