Judicial Writing Chinua Asuzu, 2016-05-04 To validate their institutional continuance as a branch of government writes Chinua Asuzu judges must make sound decisions They must also articulate and express those decisions efficiently and comprehensibly This book shows how This book will help judges arbitrators and other decision writers master the art and science of judicial writing A most welcome guide *Judicial Writing A Benchmark for the Benchsets* a high yet attainable standard of excellence for writing judicial decisions It will no doubt become the reference point for judging judges and their judgments Chinua Asuzu is that uncommon lawyer who wrote *The Uncommon Law of Learned Writing* His other works include *Anatomy of a Brief* and *Fair Hearing in Nigeria* A versatile arbitrator Asuzu served as an administrative law judge at the Tax Appeal Tribunal in Nigeria from 2010 to 2016 He is now the Senior Partner of Assizes Lawfirm a team of tax lawyers

Relations: Concrete, Abstract, And Applied - An Introduction Herbert Toth, 2020-06-22 The book is intended as an invitation to the topic of relations on a rather general basis It fills the gap between the basic knowledge offered in countless introductory papers and books usually comprising orders and equivalences and the highly specialized monographs on mainly relation algebras many valued fuzzy relations or graphs This is done not only by presenting theoretical results but also by giving hints to some of the many interesting application areas also including their respective theoretical basics This book is a new and the first of its kind compilation of known results on binary relations It offers relational concepts in both reasonable depth and broadness and also provides insight into the vast diversity of theoretical results as well as application possibilities beyond the commonly known examples This book is unique by the spectrum of the topics it handles As indicated in its title these are

Asking Good Questions Nancy A. Stanlick, Michael J. Strawser, 2015-03-05 *Asking Good Questions* moves beyond a traditional discussion of ethical theory focusing on how educators can use these important frameworks to facilitate critical thinking about real life ethical dilemmas In this way authors Nancy Stanlick and Michael Strawser offer students a theoretical tool kit for creatively addressing issues that influence their own environments This text begins with a discussion of key ethical theorists and then guides the reader through a series of original case studies and follow up activities that facilitate critical thinking emphasize asking thought provoking questions and teach the student to address the complexity of ethical dilemmas while incorporating the viewpoints of their peers Additionally Stanlick and Strawser include an extensive preface a mind mapping technique for analyzing and formulating arguments and a six step process for approaching complex

real life moral issues Each chapter incorporates suggested assignments discussion questions and references for further reading and a guide for instructors offering a sample course schedule and suggestions on how to use this book effectively is also available This text is designed to help educators engage students in a meaningful discussion of how historical theories apply to their own lives providing rich and unique resources to learn about these critical issues

God and Evidence Rob Lovering,2013-06-20 God and Evidence presents a new set of compelling problems for theistic philosophers The problems pertain to three types of theistic philosopher which Lovering defines here as theistic inferentialists theistic non inferentialists and theistic fideists Theistic inferentialists believe that God exists that there is inferential probabilifying evidence of God s existence and that this evidence is discoverable not simply in principle but in practice Theistic non inferentialists believe that God exists that there is non inferential probabilifying evidence of God s existence and that this evidence is discoverable not simply in principle but in practice Theistic fideists believe that God exists that there is no discoverable probabilifying evidence inferential or non inferential of God s existence and that it is nevertheless acceptable morally if not otherwise to have faith that God exists Lovering argues that each type of theistic philosopher faces a problem unique to his type and that they all share two particular problems Some of these problems take us down an entirely new discursive path others down a new discursive path branching off from an old one

Uncertainty in Pharmacology Adam LaCaze,Barbara

Osimani,2020-02-20 This volume covers a wide range of topics concerning methodological epistemological and regulatory ethical issues around pharmacology The book focuses in particular on the diverse sources of uncertainty the different kinds of uncertainty that there are and the diverse ways in which these uncertainties are or could be addressed Compared with the more basic sciences such as chemistry or biology pharmacology works across diverse observable levels of reality although the first step in the causal chain leading to the therapeutic outcome takes place at the biochemical level the end effect is a clinically observable result which is influenced not only by biological actions but also psychological and social phenomena Issues of causality and evidence must be treated with these specific aspects in mind In covering these issues the book opens up a common domain of investigation which intersects the deeply intertwined dimensions of pharmacological research pharmaceutical regulation and the related economic environment The book is a collective endeavour with in depth contributions from experts in pharmacology philosophy of medicine statistics scientific methodology formal and social epistemology working in constant dialogue across disciplinary boundaries
