Shifting Power in Asia-Pacific? Enrico Fels, 2016-11-03 This book investigates whether a power shift has taken place in the Asia Pacific region since the end of the Cold War By systematically examining the development of power dynamics in Asia Pacific it challenges the notion that a wealthier and militarily more powerful China is automatically turning the regional tides in its favour With a special emphasis on Sino US competition the book explores the alleged linkage between the regional distribution of relevant material and immaterial capabilities national power and the much cited regional power shift The book presents a novel concept for measuring power in international relations by outlining a composite index on aggregated power CIAP that includes 55 variables for 44 regional countries and covers a period of twenty years Moreover it develops a middle power theory that outlines the significance of middle powers in times of major power shifts By addressing political military and economic cooperation via a structured focused comparison and by applying a comparative historical analysis the book analyses in depth the bilateral relations of six regional middle powers to Washington and Beijing

The European Union with(in) International Organisations Amandine Orsini, 2016-03-16 Since its creation the European Union EU has been a participant in the activities of other International Organisations IOs or has been working together with them Still little information is available on what this long term involvement with in IOs means for International Relations and European Studies Why has the EU been involved with in IOs on such a long term basis How With what impact These three key research questions are addressed in this innovative volume in a bid to explore the continuity of EU action with in IOs While written by a diversity of authors from European Studies or from International Relations Europeans or non Europeans and from a diversity of disciplines in particular Law and Political Science each chapter of the volume elaborates on three common political concepts derived from three fold questioning commitment for the why question consistency for the how question and effects for the question of impact Consisting of a two part structure the book is focussed in Part I on more general trends of the EU s long term participation with in IOs with contributions by A Wetzels P Debaere F De Ville J Orbie B Saenen and J Verschaeve and P Nedergaard and M D Jensen and in Part II on more precise case studies on labour standards public services flexicurity human trafficking and security with contributions by R Kissack A Crespy E Xiarchogiannopoulou and D Tsarouhas B Simmons and A DiSilvestro and N Gr ger Highly useful for students academics and experts this volume combines a clear and easy to use framework with new empirical data

Introduction: Designing Research in Political Science - a Dialogue Between Theory and Data Thomas Gschwend, Frank Schimmelfennig, 2007

Heuristic Inquiry Nevine Sultan, 2018-04-27 Focused on exploring human experience from an authentic researcher perspective Heuristic

Inquiry Researching Human Experience Holistically presents heuristic inquiry as a unique phenomenological experiential and relational approach to qualitative research that is also rigorous and evidence based Nevine Sultan describes a distinguishing perspective of this research that treats participants not as subjects of research but rather as co researchers in an exploratory process marked by genuineness and intersubjectivity Through the use of real life examples illustrating the various processes of heuristic research the book offers an understanding of heuristic inquiry that is straightforward and informal yet honors its creative intuitive and poly dimensional nature

Soft Power Hendrik W. Ohnesorge,2019-11-22 This book explores the phenomenon of soft power in international relations In the context of current discourses on power and global power shift s it puts forward a comprehensive taxonomy of soft power and outlines a methodological roadmap for its empirical study To that end the book classifies soft power into distinct components resources instruments reception and outcomes and identifies relevant indicators for each of these categories Moreover the book integrates previously neglected aspects into the concept of soft power including the significance of political personalities A broad range of historical examples is drawn upon to illustrate the effects of soft power in international relations in an innovative and analytically differentiated way A central methodological contribution of this book consists in highlighting the value of comparative historical analysis CHA as a promising approach for empirical analyses of the soft power of different actors on the international stage By introducing a comprehensive taxonomy of soft power the book offers an innovative and substantiated perspective on a pivotal phenomenon in today s international relations As the forces of attraction in world politics continue to gain in importance it provides a valuable asset for a broad readership This book was the winner of the 2021 ifa German Institute for Foreign Cultural Relations Research Award on Foreign Cultural Policy In this important and thoughtful book Hendrik Ohnesorge explains and advances our knowledge of the ways that soft power public diplomacy and charismatic personal diplomacy are shaping the international relations of our global information age Joseph S Nye Jr Harvard University and author of The Future of Power

Case Studies and Theory Development in the Social Sciences Alexander L. George,Andrew Bennett,2005-04-15 The use of case studies to build and test theories in political science and the other social sciences has increased in recent years Many scholars have argued that the social sciences rely too heavily on quantitative research and formal models and have attempted to develop and refine rigorous methods for using case studies This text presents a comprehensive analysis of research methods using case studies and examines the place of case studies in social science methodology It argues that case studies statistical methods and formal models are complementary rather than competitive The book explains how to design case study research that will produce results useful to policymakers and emphasizes the importance of developing policy relevant theories It offers three major contributions to case study methodology an emphasis on the importance of within case analysis a detailed discussion of process tracing and development of the concept of typological theories Case Studies and Theory Development in the Social Sciences will be particularly useful to graduate students and scholars in social science
