in depth study of narratives about Bluebeard and his wives or narratives with identifiable Bluebeard motifs and the intertextual and extratextual personal political literary and sociocultural factors that have made the tale a particularly fertile ground for an author's adaptation of the story Whereas Charles Dickens for example expresses a sympathetic identification with Bluebeard and a discernable strain of misogyny emerges in his recreation of the tale and recurrent allusions to it his contemporary William Makepeace Thackeray uses the tale as a springboard for his critique of avarice hypocrisy pretension and the subjugation of women in Victorian society

Literary Contexts in Short Stories Collections ,2006 *Margaret Atwood* Colin Nicholson,1994 This is the first collection of essays published in the United Kingdom to focus upon a writer who already enjoys an international reputation It is a part of Atwood's unique achievement that she manages to sustain her popularity with reading publics around the world as she brings feminist perspectives to bear upon personal and private experience and upon the public structures of power which shape individual lives From a variety of theoretical perspectives and including European and North American contributions the essays gathered here explore how as a woman writer Atwood articulates the pressures and determinations which condition the feminine before allowing it to speak for itself and how as a Canadian she explores the complicated relationships between representation and self representation in a world of vastly uneven distributions of power and responsibility A unique combination of feminist and postcolonial perspectives it examines Atwood's poetry and short fiction as well as her novels
