

# Software Design Document

## Overview

- Status: In progress
- Stakeholders:
  - @Han (design)
  - @Luke (development)
  - @Leia (support)

This project aims to increase conversion by introducing a live chat in our app as a 5-week experiment.

## Context

---

### Goal

Test if live chat can profitably increase conversion.

### Problem

1. Free-to-paid conversion rate is too low (~5%). Comparable services achieve 8-10%.
2. Prior support tickets and survey results show that unanswered questions and lack of clarity on certain pricing aspects may be partially responsible.
