Positive Leadership Principles Allan Green, 2019-04-04. If you struggle when things don't go your way, then keep reading. The path to developing leadership skills is not that easy. It's all about building our leadership muscle through a different way of seeing, thinking and doing. We as leaders must see how things are for ourselves, change the way we think and do something differently. Leadership is all about having a vision of one's own and charging it with enough belief to empower the team or the followers to achieve their own goals as well. The zillions of benefits guaranteed by leadership is one of the most attractive reasons to be a leader. Moreover, when you get a faint taste of the harvest of leadership, you realize that all the virtues and fruits have the ability to stay forever as your own conviction gets strengthened forever due to the joy of achieving all that you want. As to why leadership should be opted for anyone, it relies on having a vision which everyone has and helping/influencing others realize the same. To work towards achieving your vision is the primary advantage of being a leader. This
