Mu'awiya ibn abi Sufyan Stephen Humphreys,2012-12-01 In this accessible study Stephen Humphreys introduces the most elusive of the early caliphs Mu awiya ibn abi Sufyan 602 680 Notoriously guarded about his thoughts motives and emotions Mu awiya was universally known as a figure of immense political acumen Beyond this opinions are deeply divided Throughout history some have accused him of being the first caliph to diverge from Muhammed s model of ideal Muslim leadership whilst others credit him with uniting an empire in disarray and transforming the Caliphate into a practicable form of government In light of this Humphreys critically analyses his sources and seeks to get as close as possible to a historical account of the great man *Mu'awiyah Ibn Abi Sufyan, the First Caliph of Banu Umayyah* Maulvi Abdul Aziz,2013 *A History of the Middle East* Saul S. Friedman,2014-01-10 As the birthplace of three principal religions the Middle East is holy to 15 million Jews 2 billion Christians and 1 billion Muslims As the cradle of western civilization it is fundamental to world history the place where humans transformed themselves from nomadic hunters to settled farmers capable of building great cities and societies This detailed history covers the Middle East from its ancient beginnings to the present The confluence of events that produced civilized society is fully discussed along with the establishment of Judaism Christianity and Islam The emergence and decline of the Byzantine and Ottoman empires which laid much of the framework for the region to move into the modern era is covered in depth Analysis of the area in recent decades focuses on World War I and II and the regional conflicts that inflame the Middle East of the 21st century Instructors considering this book for use in a course may request an examination copy here *The Muslim 100* Muhammad Khan,2009-09-01 Short biographies of the most influential Muslims in history and today A must have book **'Ilam-en-nas** Alice M. Frere,1873 [Entrepreneurship and Management in an Islamic Context](#) Veland Ramadani,Léo-Paul Dana,Shqipe Gërguri-Rashiti,Vanessa Ratten,2016-09-02 The aim of this volume is to explore entrepreneurship and business from the perspective of Islamic principles which are usually based on collaboration teamwork generosity and altruism The contributions deal with the confluence of Islamic Principles with entrepreneurial and business ownership characteristics resource use by entrepreneurs means of entrepreneurial success and ethics and social responsibility *THE HANDY ENCYCLOPEDIA OF ISLAM* Mohammad Ishaque Foujdar (Maanav),2024-12-31 Islam is a religion of the fundamental doctrines and dogmatic undeniable faith Its the main source of principles and rituals is the Holy Quran and Prophet Muhammed s sal traditions Ahadis To assimilate the essential requirements of the Islamic faith is on the basis of understanding the terminology and the important events which create the subjective and objective ways of the religion The Quran was descended in Arabic and the Prophet s mother tongue was also Arabi so almost the Islamic terminology is in Arabic Therefore it is necessary to understand some important Arabic terms and their effective denotation to rightly fulfil the religious rituals and practices This book also contains the work of the religious noblemen and the political personalities who have worked to spread Islamic faith and there has been given the introductory
