Beyond Design Sandra J. Keiser,Deborah A. Vandermar,Myrna B. Garner,2022-01-01 The Synergy of Apparel Product Development Fifth Edition maps the processes required to bring apparel products from concept to consumer This full color text takes students step by step through the decision making involved in the pre production processes of apparel product development including business creative technical and production planning Updated chapter content reflects evolving industry practice It demonstrates how these processes must be coordinated to get the right product to market when consumers want it and at a price they are willing to pay in an increasingly digital environment The text seeks to address how functional approaches vary depending on a business s size and fashion focus More global in scope the fifth edition includes examples and case studies of multi national companies and incorporates global nomenclature when it differs from the US industry This new edition also advances its discussion of how new technologies continue to shorten the product development calendar The book is written to help students anticipate the chaotic pace of change not only in fashion trends but also in the fashion system itself

Color for Architects (Architecture Brief) Juan Serra Lluch,2019-05-14 As far back as the earliest Greek temples color has been an integral part of architecture but also one of its least understood elements Color theory is rarely taught in architecture schools leaving architects to puzzle out the hows and whys of which colors to select and how they interact complement or clash Color for Architects is profusely illustrated and provides a clear concise primer on color for designers of every kind This latest volume in our Architecture Briefs series combines the theoretical and practical providing the basics on which to build a fuller mastery of this essential component of design A wealth of built examples exercises and activities allows students to apply their learning of color to real world situations
