Enigma The Battle For Code Hugh Sebag Montefiore:

Enigma Hugh Sebag-Montefiore,2011-07-21 The complete story of how the German Enigma codes were broken Perfect for fans of THE IMITATION GAME the new film on Alan Turing s Enigma code starring Benedict Cumberbatch Breaking the German Enigma codes was not only about brilliant mathematicians and professors at Bletchley Park There is another aspect of the story which it is only now possible to tell It takes in the exploits of spies naval officers and ordinary British seamen who risked and in some cases lost their lives snatching the vital Enigma codebooks from under the noses of Nazi officials and from sinking German ships and submarines This book tells the whole Enigma story its original invention and use by German forces and how it was the Poles who first cracked and passed on to the British the key to the German airforce Enigma The more complicated German Navy Enigma appeared to them to be unbreakable **Ian Fleming's Commandos** Nicholas

Rankin,2014-03 Rankin tells the story of a secret intelligence outfit conceived and organized by Ian Fleming during World War II named 30 Assault Unit a group who was expected to seize enemy codebooks cipher machines and documents in high stakes operations and which inspired his creation of the James Bond character Deathly Deception Denis

Smyth,2011-08-25 In the pre dawn darkness of April 30 1943 a body disguised as a Royal Marine Major washed ashore on the coast of Spain carrying false documents indicating that the Allies were set to launch an attack on Greece rather than Sicily Immortalized in the film The Man Who Never Was Operation Mincemeat is renowned as the most spectacular episode in the annals of deception In this accurate and in depth retelling of the story Denis Smyth draws on a vast collection of previously unavailable documentary sources to provide many key details overlooked in other accounts of Mincemeat He reveals how the architects of the plan navigated a maze of medical technical and logistical issues to deceive the enemy at the highest strategic levels Before planting the corpse in the Spanish coastal waters via a stealthy submarine operation the planners not only gave their dead messenger a new military identity but also a private one as the fiance of an attractive young woman named Pam Nazi intelligence was fooled falling for a ruse which ultimately saved thousands of American lives

Hitler's Fatal Miscalculation Klaus H. Schmider,2021-01-28 Hitler s decision to declare war on the United States has baffled generations of historians In this revisionist new history of those fateful months Klaus H Schmider seeks to uncover the chain of events which would incite the German leader to declare war on the United States in December 1941 He provides new insights not just on the problems afflicting German strategy foreign policy and war production but crucially how they were perceived at the time at the top levels of the Third Reich Schmider sees the declaration of war on the United States not as an admission of defeat or a gesture of solidarity with Japan but as an opportunistic gamble by the German leader This move may have appeared an excellent bet at the time but would ultimately doom the Third Reich *Library Mashups* Nicole C. accounting leaves no room to record the nuances and twists of actual conflict In *Somme Into the Breach* the noted military historian Hugh Sebag Montefiore shows that by turning our focus to stories of the front line to acts of heroism and moments of both terror and triumph we can counter and even change familiar narratives Planned as a decisive strike but fought as a bloody battle of attrition the Battle of the Somme claimed over a million dead or wounded in months of fighting that have long epitomized the tragedy and folly of World War I Yet by focusing on the first hand experiences and personal stories of both Allied and enemy soldiers Hugh Sebag Montefiore defies the customary framing of incompetent generals and senseless slaughter In its place eyewitness accounts relive scenes of extraordinary courage and sacrifice as soldiers ordered over the top ventured into No Man s Land and enemy trenches where they met a hail of machine gun fire thickets of barbed wire and exploding shells Rescuing from history the many forgotten heroes whose bravery has been overlooked and giving voice to their bereaved relatives at home Hugh Sebag Montefiore reveals the Somme campaign in all its glory as well as its misery helping us to realize that there are many meaningful ways to define a battle when seen through the eyes of those who lived it
