## Ap Bio Chapter 8 1:

Nullifying God H. Robert Wilson Ph.D.,2018-01-01 Evolution and Creation are in a spiritual battle Evolution scientists ignore dismiss and unequivocally reject Creation out of hand It is not science or fact as evolution is they say However Nullifying God shows that random Darwinian evolution does not have the direct evidence required to support the claim Not only that but it provides contrary evidence that evolution is biologically impossible Because that is the case evolution can only persist in the unchallengeable authority it needs to maintain its position by actively attempting to nullify its alternative Creation and therefore the Bible and God Nullifying God was especially written to empower and benefit believers who are not familiar with science to show them that evolution cannot be fact and is not science It does so by 1 providing them with a core foundation of applied science principles to rationally question evolution s claims then 2 guiding them into solid clear knowledge of why evolution is biologically impossible and finally 3 presenting them with examples that document evolution s attempts to nullify God The bottom line is Biblical Creation is the only answer that explains life
