

## Baby's growing brain

Even though the brain keeps growing and changing into adulthood, the first 3 years are an important time of rapid growth that helps build the foundation for all future learning.

## Supporting baby's brain development

Babies are born ready to learn! Parents and caregivers can support healthy brain development by interacting with their baby using language, play, and care.

## Nutrients for brain development

During infancy and toddlerhood, a baby's brain forms many complex systems they will use throughout their entire life. Getting the right nutrients from infancy to toddlerhood is important to help the brain develop to its fullest.

## Baby's key developmental milestones

First smiles, "peek-a-boo" games, and wobbly steps are all developmental milestones. While babies develop at their own pace, there are typical ages when these milestones occur.
