**Gender in Music Production** Russ Hepworth-Sawyer, Jay Hodgson, Liesl King, Mark Marrington, 2020-04-07 The field of music production has for many years been regarded as male dominated. Despite growing acknowledgement of this fact and some evidence of diversification it is clear that gender representation on the whole remains quite unbalanced. *Gender in Music Production* brings together industry leaders, practitioners and academics to present and analyze the situation of gender within the wider context of music production as well as to propose potential directions for the future of the field. This much anticipated volume explores a wide range of topics covering historical and contextual perspectives on women in the industry, interviews, case studies, individual position pieces as well as informed analysis of current challenges and opportunities for change. Ground breaking in its synthesis of perspectives, *Gender in Music Production* offers a broadly considered and thought provoking resource for professionals, students and researchers working in the field of music production today.
