DAVIDSON,1969 Angelswiki - A Dictionary of Angels Raymond McMahon,2009-09-26 This dictionary A5 size was written to help people learn who the Angels are and show how they can be asked for assistance and guidance Angels always want to help and can be called upon to bring happiness into our lives This book is not a religious book as the Angels are prepared to work with anyone regardless of their religious beliefs or opinions Many of us are aware of the main Archangels Michael Gabriel Raphael and Uriel but there are many other Angels who want to help You will see that in this book every page is dedicated to a different Angel so you can learn about a new Angel everyday of the year You can also consider the different thoughts of the day which will help you to look at different aspects of your own life in more detail **The Watkins Dictionary of Angels** Julia Cresswell,2006-01-01 This comprehensive dictionary features detailed entries on all the angelic references in Judaism Christianity and Islam as well as angel figures from other traditions such as Zoroastrianism It also includes angels in folklore in a wide range of literary and spiritual writings both ancient and modern and in the visual media of television and film The entries are cross referenced to show how an angel may appear in a number of different guises for example the role of an angel such as Gabriel in Judaism Christianity and Islam They contain numerous details about the supposed physical appearance of the angel their function what they were designated to guard and why their place in hierarchy of angelic beings who fell with Lucifer all the names they were known by and in which spiritual tradition It also includes a separate index so that angels can also be looked up by their function or area of influence which is particularly helpful as so many of the names attributed to angelic beings are unfamiliar An extensive list of resources is provided should the reader wish to explore further the lore of angels Angels A to Z Evelyn Dorothy Oliver,James R Lewis,2008-05-01 A thorough comprehensive guide to the world of angels Angels whose principal employment is the protection and encouragement of human beings are more popular than ever In this age of uncertainty it is easy to understand why the concept of angels is so comforting While much has been written about angels throughout history no single source examines them as thoroughly or as thoughtfully as *Angels A to Z* Written by an angel expert and a recognized authority on nontraditional religious movements this enlightening resource is one of the most comprehensive books on angels and angel related topics currently available More than 300 entries drawn from multiple religions such as Christianity Islam and Hindu traditions as well as from pop culture are included Celebrity angels obscure angels still waiting for their big break

Each person who reads this book is challenged to grow in his her relationship with the Lord and is given many tools to help accomplish that This is important because when a believer has an intimate relationship with the Lord they hear His voice more clearly The Holy Spirit is then better able to guide and empower the believer to become victorious in their daily walk
