Teaching in Romanian Higher Education Lucia-Mihaela Grosu-Rădulescu,2018-08-15 This volume gathers recent research findings in the field of foreign language FL teaching in Romanian higher education dwelling on both methodology and students learning outcomes The book satisfies the need for an up to date overview of FL teaching in Romanian universities in the European context as well as from a global international perspective This book confers visibility to Romanian foreign language scholars research and it opens new paths for debate and collaboration worldwide The scholars included in this volume have extensive expertise in the field of foreign language teaching and research in higher education which is supported by their international recognition as specialists in their specific areas The contributing authors approach their respective chapters relying on both qualitative and quantitative research Their experience and conclusions will prove helpful for any foreign language professional working in tertiary education **The Roles of Social Media in Education:**

Affective, Behavioral, and Cognitive Dimensions Hung Phu Bui,Mark Bedoya Ulla,Veronico N. Tarrayo,Chien Thang Pham,2023-10-24 technologies in education A large body of research has attempted to measure the extent to which social media change human communication In education researchers and educators have employed social media to increase students engagement inside and outside the classroom They have been exploring the effects of the use of social media on the

learning outcome and learners beliefs and experiences However some of their endeavors are inconclusive As the effects of social media in education are context sensitive research results reflecting different contexts around the world will contribute to the literature on social media and education Student engagement in learning a growing interest in educational research is widely believed to contribute to the success of learning The contemporary literature shows that students can engage in learning affectively behaviorally and cognitively Recent studies are also interested in using technology to mediate students social and metacognitive engagement in learning As student engagement is a multidimensional area interdisciplinary studies have recently expanded their literature The use of social media to increase student engagement in learning remains underexplored
