**Philology and Criticism** Vishwa Adluri, Joydeep Bagchee, 2018-06-29 Philology and Criticism contrasts the Mah bh rata s preservation and transmission within the Indian scribal and commentarial traditions with Sanskrit philology after 1900 as German Indologists proposed a critical edition of the Mah bh rata to validate their racial and nationalist views Vishwa Adluri and Joydeep Bagchee show how in contrast to the Indologists unscientific theories V S Sukthankar assimilated the principles of neo Lachmannian textual criticism to defend the transmitted text and its traditional reception as a work of law philosophy and salvation The authors demonstrate why after the edition s completion no justification exists for claiming that an earlier heroic epic existed that the Brahmans redacted the heroic epic to produce the Mah bh rata or that they interpolated sectarian gods such as Vis n u and iva into the work By demonstrating how the Indologists committed technical errors cited flawed and biased scholarship and used circular argumentation to validate their racist and anti Semitic theories Philology and Criticism frees readers to approach the Mah bh rata as the principal monument of bhakti Madeleine Biardeau The authoritative guide to the critical edition s correct use and interpretation Philology and Criticism urges South Asianists to view Hinduism as a complex debate about ontology and ethics rather than through the lenses of Brahmanism and sectarianism It launches a new world philology one that is plural and self reflexive rather than Eurocentric and ahistorical
