From Physics to Econophysics and Back: Methods and Insights Siew Ann Cheong,Takayuki Mizuno,Wei-Xing Zhou,Gabjin Oh,Anirban Chakraborti,Damien Challet,2022-07-06

Data for Learning World Bank Group,2017-09-21 Data are a crucial ingredient in any successful education system but building and sustaining a data system are challenging tasks Many countries around the world have spent significant resources but still struggle to accomplish a functioning Education Management Information System EMIS On the other hand countries that have created successful systems are harnessing the power of data to improve education outcomes Increasingly EMISs are moving away from using data narrowly for counting students and schools Instead they use data to drive system wide innovations accountability professionalization and most important quality and learning This broader use of data also benefits classroom instruction and support at schools An effective data system ensures that education cycles from preschool to tertiary are aligned and that the education system is monitored so it can achieve its ultimate goal producing graduates able to successfully transition into the labor market and contribute to the overall national economy Data for Learning Building a Smart Education Data System and its forthcoming companion volume shed light on challenges in building a data system and provide actionable direction on how to navigate the complex issues associated with education data for better learning outcomes and beyond Data for Learning details the key ingredients of successful data systems including tangible examples common pitfalls and good practices It is a resource for policy makers working to craft the vision and strategic road map of an EMIS as well as a handbook to assist teams and decision makers in avoiding common mistakes It is designed to provide the how to and to guide countries at various stages of EMIS deployment A forthcoming companion volume will focus on digging deeper into the practical applications of education data systems by various user groups in different settings

Weathering the Storm Javier Villar Burke,2016-12-29 *Weathering the Storm* explores the factors leading up to the recent global financial and economic crisis how the crisis unfolded and the response of European and national authorities The book describes the rationale behind the measures undertaken to mitigate the consequences of the recession and to ensure that a similar situation does not happen again in the future In the wake of the crisis various major changes continue to significantly affect the life and social organization of Europeans For instance a new ESM with a size financially comparable to that of the IMF was created similarly the reforms in economic governance imply much more intrusive participation of European countries in each other s macroeconomic policies Moreover the organization regulation

and supervision of the financial sector have been drastically revamped The decisions taken by European and national authorities affect the daily lives of hundreds of millions of European citizens and countless more around the globe An insightful read for anyone interested in understanding the topic and its effect on their lives the book primarily addresses undergraduate students in their final year and graduate students in fields such as economics finance and political science The main messages are explained through examples and charts

Strategic Analysis and Action Mary M. Crossan, Michael John Rouse, Joseph N. Fry, W. Glenn Rowe, Cara C. Maurer, J. Peter Killing, 2015-11-30 Crossan is a concise practical guide for the strategic management course The text provides an organized set of concepts and procedures for analyzing and acting on strategic problems It takes the point of view of the general manager and presents a consistent operational approach to analyzing and acting on strategic problems This revision sees the addition of two new authors who bring a wealth of experience in developing and teaching this course and a commitment to excellence The revision revolves around currency with new and updated examples and cases as well as reflect changes to strategy practice and theory

Strategic Analysis and Action Joseph N. Fry, J. Peter Killing, 1986

Indonesia Asian Development Bank, 2006

Knowledge-Based Dynamic Capabilities Vaneet Kaur, 2019-06-29 This book provides a knowledge based view to the dynamic capabilities in an organization The author integrates two existing views on gaining competitive advantage the Knowledge View which suggests that the capability of organizations to learn faster than competitors is the only source of competitiveness and the Dynamic Capability View which speculates that a firm s competitive advantage rests on dynamic capabilities which enable a firm to constantly renew the stock of ordinary organizational capabilities in accordance with the changes in the business environment Using the IT sector in India as a case study this book provides and tests a new framework Knowledge Based Dynamic Capabilities in the prediction of competitive advantage in organizations

Building Corporate Identity, Image and Reputation in the Digital Era T C Melewar, Charles Dennis, Pantea Foroudi, 2021-07-29 Brands corporate products service today are collectively defined by their customers deriving from personal experiences and word of mouth This book acts as a forum for examining current and future trends in corporate branding identity image and reputation Recognising the complexity and plurality at the heart of the corporate branding discipline this book fills a gap in the literature by posing a number of original research questions on the intrinsic nature of corporate branding ideas from corporate external and organisation internal identity perspectives as they relate to brand management corporate reputation marketing communications social media smart technology experiential and sensory marketing It incorporates current thinking and developments by both multidisciplinary academics and practitioners combining a comprehensive theoretical foundation with practical insights The text will serve as an important resource for the marketing identity and brand practitioners requiring more than anecdotal evidence on the structure and operation of stakeholders communication in different geographical areas It determines current practices and researches in diverse areas regions and commercial and non commercial sectors across

the world The book provides scholars researchers and postgraduate students in business and marketing with a comprehensive treatment of the nature of relationships between companies brands and stakeholders in different areas and regions of the world
