Are you a high school student soon to be a graduate and heading off to college or to work full time Are you in college and not
sure how to manage the money you do have while going to college Are you a parent looking for a good introduction to
personal finance for your son or daughter If you want to learn how you can better manage money as a young adult then keep
reading Schools worldwide lack a formal financial literacy course instead of focusing on teaching students arbitrary skills
that may or may not be relevant to their daily lives As a result we have financially illiterate young adults who can solve
quadratic equations and remember the structure of a plant but have no idea about the loans they take out or how taxes work
This book aims to fill a gap in the education system by introducing teenagers and college students to relevant financial
concepts to broaden their functional understanding and help them make informed decisions at every stage of their lives It m
m daunting t f r t but learning these skills are absolutely achievable In this book u ll learn th f ll w ng Essential financial
terms and concepts and how to manage your financial accounts What to do with your money and grow it to become
financially free How to prioritize your expenses and focus more on needs not wants How to save and invest money to prepare
for future engagements like marriage and family The Dos and Don ts of managing money so you won t have any issues
growing your money Investment options to make more money and what you can do to tackle debt AND SO MUCH MORE
Whatever the reasoning is know that pursuit of this knowledge does not somehow make you less of a person This is not some
radical crazy problem in your life that can t be solved It certainly can If you want to learn more about money management
