Die Mundorgel Lieder

Douglas Bourn, Richard Palser

Die Mundorgel Lieder:

Auld Lang Syne M. J. Grant, 2021-12-03 In *Auld Lang Syne A Song and its Culture* M J Grant explores the history of this iconic song demonstrating how its association with ideas of fellowship friendship and sociality has enabled it to become so significant for such a wide range of individuals and communities around the world This engaging study traces different stages in the journey of *Auld Lang Syne* from the precursors to the song made famous by Robert Burns to the traditions and rituals that emerged around the song in the nineteenth and early twentieth centuries including its use as a song of parting and as a song of New Year Grant s painstaking study investigates the origins of these varied traditions and their impact on the transmission of the song right up to the present day Grant uses *Auld Lang Syne* to explore the importance of songs and singing for group identity arguing that it is the active practice of singing the song in group contexts that has made it so significant for so many The book offers fascinating insights into the ways that *Auld Lang Syne* has been received reused and remixed around the world concluding with a chapter on more recent versions of the song back in Scotland This highly original and accessible work will be of great interest to non expert readers as well as scholars and students of musicology cultural and social history social anthropology and Scottish studies The book contains a wealth of illustrations and includes links to many more including manuscript sources Audio examples are included for many of the musical examples Grant s extensive bibliography will moreover ease future referencing of the many sources consulted [Lied und Singen in der konfessionellen Jugendbewegung des frühen 20. Jahrhunderts](#) Maria Margarete Linner, 2009 Die musikalische

Jugendbewegung hat ihre Wurzeln im ausgehenden 19 Jahrhundert Kurze Zeit nach der Jahrhundertwende finden sich Jugendliche zusammen um deren Ideengut mit eigenen religiösen Vorstellungen zu verbinden Auf diese Weise entstehen bald Lieder spezifischer Prägung wie *Lasst uns Christi Heerbann sein* oder *Wohlauf in Gottes schöne Welt* Mittels der Analyse entsprechender Liederbücher werden in der Studie Merkmale dieses Liedrepertoires und der darin erkennbaren Religiosität aufgezeigt Um den Jugendlichen Volkslieder Kirchenlieder und einstimmigen liturgischen Gesang zu vermitteln knüpfte man einerseits an alte Traditionen an beschränkt andererseits aber auch neue Wege in der Melodie und Textgestaltung Das Liedgut diente nicht nur als Material zum Singen sondern vor allem auch als Mittler und Träger einer Botschaft **The Many Faces**

of Germany John A. McCarthy, Walter Grünzweig, Thomas Koebner, 2004-04-01 With the fall of the Berlin Wall and the shifting of American foreign policy away from old Europe long established patterns of interaction between Germany and the U S have come under review Although seemingly disconnected from the cultural and intellectual world political developments were not without their influence on the humanities and their curricula during the past century In retrospect we can speak of the many different roles Germany has played in American eyes *The Many Faces of Germany* seeks to acknowledge the importance of those incarnations for the study of German culture and history on both sides of the Atlantic One of the major questions raised by the contributors is whether the transformations in the transatlantic dynamics and in the

importance of Germany for the U S have had a major influence on the study of things German in the U S internally The volume gathers together leading voices of the older and younger generations of social historians literary scholars film critics and cultural historians

Span the World with Friendship Douglas Bourn, Richard Palser, 2025-06-02 Within the histories of progressive educational movements and youth work one organisation that rarely gets a mention is the Woodcraft Folk Founded in 1925 it has been consistently at the forefront of promoting radical social change through education It played a role in breaking down the barriers between East and West during the Cold War in promoting a co educational and cooperative based approach to learning and in encouraging environmental activism at a time when it was unfashionable The Woodcraft Folk s evolving approach to education for social change is explored in *Span the World with Friendship* from a range of disciplinary perspectives including political and social theory cultural history anthropology educational theory and youth work theory Through investigation of published and primary sources including letters meeting records and oral testimonies contributors bring scholarship to a narrative that has often been uncritical Beginning with a biography of founder Leslie Paul chapters study the Folk s relationship to debates in the labour movement the extent to which the eugenics movement influenced its ideas and practices and how the folk songs and dances used within the organisation reflected wider social and cultural trends Internationalism is a key theme running through this book which concludes with a focus on how the Woodcraft Folk s progressive nature is moving it increasingly towards being a youth led movement
