Whatever your reason for studying Word, this manual will develop your skills, bolster gaps in your knowledge, and give you the confidence to get certified. Why certification is important: Microsoft Word Certification is an easily verifiable way to showcase your willingness to learn new skills and software, and it provides a myriad of other benefits as well. Not only can certification enhance your Word skills, it can help you get hired, boost academic performance, prepare for the demands of a job, open doors to career opportunities, and be more productive and confident working on projects at school, home, or work. Microsoft Word: Microsoft 365 Apps and Office 2019 certification is the first step to prove your skill level and open doors to career opportunities. Outline of the book: The dual nature of this book helps you build a strong foundation in Word and prepares you for the exam. The next six chapters cover all of the topics you need to become proficient in Word and coincide with the objective domain categories in the Microsoft Word Certification Exam: Manage Documents, Insert and Format Text, Paragraphs and Sections, Manage Tables and Lists, Create and Manage References, Insert and Format Graphic Elements, and Manage Document Collaboration. Short video tutorials are included for every single outcome in the book. 95 in all for when you need extra help or learn best by observation. Word practice exam software included. Unlike any other Word exam manual available, this book includes Word practice exam software. The final chapter focuses on the practice exam software, which closely mimics the format of the real exam.
