Child Labour In Pakistan Including The Excluded:

Child Labour in Pakistan: Including the Excluded Zaigham Mazhar, 2012-06 Children from poor families in Pakistan like in many of developing countries tend to work at early age and typically have lowest educational level and suffer other social disadvantages Child labour is usually linked with low human capital investment poor education and health and future poverty incidence Low rates of productivity growth further contribute to the intergenerational poverty trap and hamper economic growth This persistent problem means a loss of future human resource development of country and the denial of children s birth right to education and recreation There is a desperate need to find out effective tools for re integration of children especially who are trapped in Worst Form of Child Labour which may be helpful for reduction of child labour and eventually may eliminate this problem under the prevailing socio economic conditions of the country This research will be helpful as a useful reference in efforts to find out effective counterfactuals for eradication of WFCL in Pakistan The World of Child Labor Hugh D Hindman, Hugh Hindman, 2014-12-18 The World of Child Labor details both the current and historical state of child labor in each region of the world focusing on its causes consequences and cures Child labor remains a problem of immense social and economic proportions throughout the developing world and there is a global movement underway to do away with it Volume editor Hugh D Hindman has assembled an international team of leading child labor scholars researchers policy makers and activists to provide a comprehensive reference with over 220 essays This volume first provides a current global snapshot with overview essays on the dimensions of the problem and those institutions and organizations combating child labor Thereafter the organization of the work is regional covering developed developing and less developed regions of the world The reference goes around the globe to document the contemporary and historical state of child labor within each major region Africa Latin and South America North America Europe Middle East Asia and Oceania including country level accounts for nearly half of the world s nations Country level essays for more developed nations include historical material in addition to current issues in child labor All country level essays address specific facets of child labor problems such as industries and occupations in which children commonly work the national child welfare policy occupational safety regulations educational system and laws and often highlight significant initiatives against child labor Current statistical data accompany most country level essays that include ratifications to UN and ILO conventions the Human Development Index human capital indicators economic indicators and national child labor surveys conducted by the Statistical Information and Monitoring Program on Child Labor The World of Child Labor is designed to be a self contained comprehensive reference for high school college and professional researchers Maps photos figures tables references and index are included **Researching Educational Governance: Realizing UN 2030 Agenda and Beyond** H.C. Pokhriyal, B.S. Nagi, M.C. Sati, Padmakar Mishra, R.P. Juyal and A.S. Khullar, 2023-01-01 Achieving the lofty Goal 4 of the UNSDGs which aims to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all will require the entire education system to be

reconfigured a fact as aptly underlined in the National Education Policy 2020 of India This would essentially entail putting in place a very effective educational governance devised and formulated on the basis of cutting edge research outputs Three Volumes of the present book is a modest yet maiden attempt to comprehend and unfold the blending of diverse research methodologies and amply demonstrate through empirical findings that innovative policies and interventions curated on the basis of this approach of research can ensure quality education Governance emerges as one of the core areas for research Therefore Volume I provides a wide canvas of governance in general and educational governance in particular for research along with a unique opportunity to elaborate both the theory and practice of Quantitative Qualitative and Participatory Methodologies in researching governance that is the frontier challenge looking for suitable answers Volume II uniquely comprehends multiple aspects of quality in dynamic and wider perspectives as perceived by the primary stakeholders including community Refreshing insight into the quality perspectives of educational governance will facilitate the researchers to explore innovative interventions in respective areas of human development Community is the third constituent of governance along with the state and the market Therefore Volume III explores a futuristic vision of community governance leading to quality education Also an attempt has been made to critically appraise the provisioning of community governance including the local self governments as well as free and compulsory elementary education The Book is a live comprehension of the conceptual framework of research and methods along with handling of research problems at the ground It is like explaining how to by giving suitable case studies conducted by the authors on educational governance It is hoped that the three Volumes will be an exciting learning experience that would enable us to address researching challenges over which the public policy makers researchers development administrators planners and students may build their concepts logical structures and planned interventions facilitating the achievement of effective educational governance at micro level ensuring quality education in the coming decades
