New Mathematics Counts for Secondary 1 Normal(Academic) Choon Hong Tay, Mark Riddington, Martin Grier, 2000
Achieving Further Daniel Slosberg, 2016-01-07 Do you have students who are far ahead of their peers in math Are you a teacher who differentiates for those students by giving them additional topics but without knowing what topics they have already covered over the past years and without a plan for the topics they should cover in the next years Are you a head of department who wants to streamline differentiation throughout your math department to ensure talented students have a more uniform experience as they move from teacher to teacher and have a goal they are working towards year after year Are you a principal who wants to improve the results of your students in HL Math and to have students from your school start succeeding in HL Further Math If so this book describes a program to prepare IB Middle Years Program MYP students to enter the Diploma Program DP taking HL Further Math as their only math course The program is modeled on the ATYP program from Kalamazoo MI started by Carol McCarthy *The English Catalogue of Books ...: 1801-1836. Ed. and comp. by R.A. Peddie and Q. Waddington. 1914 ,1913* Focus, 2nd Edition Mike Schmoker, 2018-07-16 In this 2nd edition of Focus Elevating the Essentials to Radically Improve Student Learning Mike Schmoker extends and updates the case that our schools could be on the cusp of swift unparalleled improvements But we are stymied by a systemwide failure to simplify and prioritize we have yet to focus our limited time and energy on the most essential widely acknowledged evidence based practices that could have more impact than all other initiatives combined They are simple coherent curricula straightforward traditional literacy practices and lessons built around just a few hugely effective elements of good teaching As Schmoker demonstrates the case for these practices and the need for them has grown prodigiously In every chapter you ll find late breaking discoveries and practical advice on how to simplify the implementation of new state standards in the subject areas on the hidden pitfalls of our most popular but unproven instructional fads and programs and on simple versatile strategies for building curriculum planning lessons and integrating literacy into every discipline All of these strategies and findings are supported with exciting new evidence from actual schools Their success confirms as Michael Fullan writes that a focus on the best high leverage practices won t only improve student performance they will produce stunningly powerful consequences in our schools Documents of the Assembly of the State of New York New York (State).
