Nyota ya Rehema Mohamed Suleiman Mohamed,1978 Novel in Swahili **Transgression in Swahili Narrative Fiction and its Reception** Rémi Armand Tchokothe,2014 This book remarkably analyses the development of recent Swahili prose narrative The main thesis is that since the 90s Swahili literature has developed to go beyond aspects that had hitherto conditioned literature in African languages local popular and didactic and has opened itself to global sophisticated and subversive perspectives Remi Tchokothe uses the leitmotif of transgression as the unifying thread to render an account of this evolution of the Swahili narrative fiction towards the disruption of narrative linearity an increase in intertextual references an awareness of globalisation in political analysis and a shift to magical realism The finishing touch to

the analysis is a meticulously conducted reception survey which highlights editorial ambiguities that go with the transgressive turn Xavier Garnier U Sorbonne Nouvelle Paris 3 Series Contributions to Research on Africa Beitrage zur Afrikaforschung Vol 56 *Afrikanistische Arbeitspapiere* ,2002 **Mwongozo wa Nyota ya Rehema** , A Companion to African Literatures Olakunle George,2021-03-22 Rediscover the diversity of modern African literatures with this authoritative resource edited by a leader in the field How have African literatures unfolded in their rich diversity in our modern era of decolonization nationalisms and extensive transnational movement of peoples How have African writers engaged urgent questions regarding race nation ethnicity gender and sexuality And how do African literary genres interrelate with traditional oral forms or audio visual and digital media A Companion to African Literatures addresses these issues and many more Consisting of essays by distinguished scholars and emerging leaders in the field this book offers rigorous deeply engaging discussions of African literatures on the continent and in diaspora It covers the four main geographical regions East and Central Africa North Africa Southern Africa and West Africa presenting ample material to learn from and think with A Companion To African Literatures is divided into five parts The first four cover different regions of the continent while the fifth part considers conceptual issues and newer directions of inquiry Chapters focus on literatures in European languages officially used in Africa English French and Portuguese as well as homegrown African languages Afrikaans Amharic Arabic Swahili and Yoruba With its lineup of lucid and authoritative analyses readers will find in A Companion to African Literatures a distinctive rewarding academic resource Perfect for undergraduate and graduate students in literary studies programs with an African focus A Companion to African Literatures will also earn a place in the libraries of teachers researchers and professors who wish to strengthen their background in the study of African literatures The Prostitute in African Literature Fikeni E.
