**Political Theory** Hoveyda Abbas,Ranjay Kumar,2012 Political Theory is about the description observation analysis and inquiry into the issues of political science Divided into 15 chapters the book captures all relevant aspects of political science and analyses them in the light of examples from India and the rest of the world Through a thorough examination of various political institutions the role of different social groups and the evolution of our politics this book will help students understand the basic concepts and notions of political theory and illustrate how these concepts apply to political systems across the world

Political Science and International Relations Drew Paul,2018-05-12 Many important questions in the study of international relations are connected with the theory and practice of sovereign statehood which as indicated is the central historical institution of world politics But there are other important issues as well That has led to ongoing debates about the proper scope of international relations At one extreme the scholarly focus is exclusively on states and interstate relations but at other extreme international relations almost everything that has to do with human relations across the world It is important to study these different perspectives if we hope to have balanced and rounded knowledge of International relations This book has been designed to unravel the complexities of political science and international relations in a way that allows student a clear idea of how the theories work and myths that are associated with them

*Handbook of Political Leadership* Billie Bender,2019-08-09 Leadership is an increasingly relevant area of research

especially for social scientists Leadership in rural areas of developing societies has acquired more importance in the era of globalization Political leadership is a concept central to understanding political processes and outcomes yet its definition is elusive Many disciplines have contributed to the study of leadership including political theory history psychology and management studies Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Understanding and measuring political leadership is a complex business Though we all have ideals of what makes a good leader they are often complex contradictory and more than a little partisan The world is full of aspiring political leaders but sadly very few live up to the leadership ideals In fact many political leaders seem to severely lack some of the most important leadership qualities such as integrity and accountability It is no coincidence that for many people the word e politiciane has such negative connotations However history and present day shows us that there are still a few who come close to the leadership ideals and who are good examples of an effective political leader In this book quality of leadership which played a dynamic role in the political has been analysed

**Ethics for Governance** Kai Cabrera,2018-05-04 This book gives a far reaching review of India s open administrations and bureaucratic frameworks and investigates why across the board defilement and wasteful conveyance have hindered improvement It examines the hidden purposes behind the predominant wastefulness in broad daylight administrations looks at the perplexing linkages between morals based open administration India s social and profound legacy and its current monetary advancement show and plots approaches to make a morals code and a situation that is helpful for better organization and great administration Clear available and fastidiously looked into this will demonstrate basic to researchers and understudies of open organization administration thinks about and political science especially administrators arrangement producers and common administration wannabes This book arranges morals in administration in India in the national edge and fuses the setting of globalization taking into consideration the expanding significance of non state worldwide on screen characters in national basic leadership A hypothetical way to deal with the issues of morals in administration and defilement this book is important to scholastics in the fields of Asian Politics specifically Indian legislative issues and political theory
