Our Ancestors Came from Outer Space Orest Berlings,1978 **Our Cosmic Ancestry in the Stars** Chandra Wickramasinghe, Ph.D.,Kamala Wickramasinghe,Gensuke Tokoro,2019-05-14 An exploration of how acceptance of panspermia will soon change history Offers extensive scientific proof of panspermia that life arose on Earth via comets and that evolution is seeded by viruses arriving via comets and interstellar dust Explores the major philosophical psychological cultural religious and environmental ramifications of the acceptance of this new scientific worldview Mainstream consensus is that life arose on Earth spontaneously out of primordial soup Yet this theory as well as the Darwinian survival of the fittest concept as it relates to major steps in evolution has no scientific basis or proof Where then did life come from As the authors show with conclusive scientific evidence life came from space a concept known as panspermia We humans and all other life on Earth evolved over millennia in response to viruses that arrived via comets and we continue to do so Exploring the philosophical psychological cultural and environmental ramifications of the acceptance of panspermia the authors show how the shift will be on par with the Copernican Revolution when it was finally accepted that the Earth was not the center of the Universe Explaining the origins of the panspermia theory in the work of the late Sir Fred Hoyle the authors reveal the vast body of evidence that has accumulated over the past 4 decades in favor of the cosmic origins of life including viral inserts found in DNA that have shaped our human genome over millions of years They show how the tiniest of viruses microscopic animals tardigrades and even seeds have been found to be natural cosmonauts The authors also show how space borne

viruses play a crucial role in the positive evolution of life and that our entire existence on this planet is contingent on the continuing ingress of cosmic viruses Revealing how panspermia offers answers to some of humanity's longstanding questions about the origins of life the authors discuss the impact this shift in understanding will have on our relationship with the Earth and on culture history and religion And perhaps the most dramatic ramification of all is that acceptance of panspermia means acceptance that Earth is not unique that other life filled planets exist and intelligent life is common in the Universe Not only did we come from space but we are not alone *Our Ancient Ancestors' Lost History Reconstructed* William

Lucas,2018-12-17 Most of the researchers archaeologists anthropologists and many more who have appeared on the History Channel's Ancient Aliens have admitted their belief that extraterrestrials created humanity And those creators were none other than the Anunnaki those who came from heaven of the Sumerians Why has no one realized the Anunnaki needed someone to create bodies for them It is obvious they couldn't use the bodies they used on higher worlds on our earth People don't realize the Sumerians were just as much in the dark as people of today are The Anunnaki came to our planet over two hundred thousand years before the Sumerians time and those Anunnaki are the same beings that the Western world's Bible calls sons of God in Genesis 6:4 where it's stated that the sons of God gave children to the daughters of men The Urantia Book claims that surgeons from a higher universe came to our planet and took genes from the most advanced humans and with bioengineering created bodies for those sons of God in Genesis 6:4 This is where all the confusion originates Instead of the Anunnaki creating the humans humans bodies were created for the Anunnaki They came to help civilize humanity There were one hundred of these sons of God that came fifty men and fifty women The Bible often calls both men and women sons of God there's no distinction Hebrew 12:6-7 This happened during the time of Lucifer's rebellion Sixty of the sons of God rebelled along with Lucifer they are the ones that had children by humans with bodies made of human genes In the book of Enoch they are referred to as Watchers and fallen angels emphasizing that they were from higher worlds or heaven

Know the Only Truth Disruptive Consciousness,2024 WHAT IF THERE WAS A SINGLE TRUTH THAT HAS BEEN HIDDEN FROM US SINCE FOREVER They say that this book contains the ONLY truth that we all deserve to know at some point The author states that he created this material only for those willing to awaken their fictitious reality and learn what has been hidden from us for years What will you learn in this book Chapter 1 GOD The world was created from sound Who is God We Are All There Is Chapter 2 THE HIDDEN ROOT Aliens Created Us Real Evidence Never Seen Before Aliens in Earth's Deepest Lake This giant pyramid changes the whole history of mankind Our planet could be a cosmic prison We live in a huge video game programmed by beings far more advanced than we are Chapter 3 THE CONTROL OF HUMANITY The great secret of the Simpsons A simple board game that knows what is about to happen Overwhelming evidence about the elite's plan and ultra advanced technology Chapter 4 PLANDEMY AND OUR MENTAL POWER The cure is closer than you think Disease is an illusion Fascinating stories of the powers of the mind Chapter 5 THE INCOMPREHENSIBLE AND IRREAL The

Weaver, 2009 **Ancient Alien Ancestors** Will Hart, 2017-07-18 Explores evidence for the theory of directed panspermia that life on Earth and the landscape of Earth itself was engineered by extraterrestrials Details how the Earth was terraformed through a sophisticated geo engineering program providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Examines the strongest modern UFO accounts including the Russian Roswell case as well as the suppressed UFO sightings of NASA astronauts In the early 1970s Nobel Prize winning DNA co discoverer Sir Francis Crick and his colleague Leslie Orgel proposed that in the distant past an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life Now more than 40 years later the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel's claims about our ancient alien ancestors Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself Will Hart refines the theory of directed panspermia that life was intentionally seeded on Earth by extraterrestrials to reveal that the same ET agency also created humans and generated civilization He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far for example the major rivers on Earth are precisely aligned through geo engineering with the Great Pyramid of Giza Revealing the Great Pyramid as an alien message in stone the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids massive stone blocks methods later rediscovered by Nikola Tesla and the builder of Coral Castle Edward Leedskalnin He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the

human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Investigating how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today the author examines the strongest modern UFO accounts including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts He shows that this advanced ET civilization is not an alien race in the way we normally think of aliens they are our ancestors and as human as we are Shadows of Forgotten Ancestors Carl Sagan,1995-05-01 *Our Human Ancestors* University of Guelph. Dept. of Information,John Bell,Larry Peterson,Susan Pfeiffer,1985 Shadows of Forgotten Ancestors Carl Sagan & Ann Druyan,2023-02-08 Dalam buku ini Carl Sagan dan Ann Druyan menulis mengenai bagaimana manusia menjadi sebagaimana adanya sekarang Dengan humor dan drama dan dengan memadukan pandangan filsafat dan sains mereka menunjukkan bahwa banyak ciri penting kita kesadaran diri teknologi ikatan keluarga ketundukan kepada otoritas kebencian terhadap yang agak berbeda dari kita penguasaan wilayah nalar dan etika berakar di asal usul kita pada masa lalu dan menunjukkan kekerabatan kita dengan hewan lain Semua itu merupakan unsur strategi bertahan hidup yang lazim di banyak spesies tapi sebagiannya dapat menjadi sumber masalah di masyarakat manusia Sagan dan Druyan percaya pemecahan masalahnya bersifat global tapi optimis umat manusia mampu mencapai solusi itu
