Pakistan Foreign Policy 1947 2009 A Concise History:

Pakistan's Foreign Policy, 1947-2009 Abdul Sattar, 2010 A distinguished career in Pakistan's Foreign Service provided Abdul Sattar with a unique personal insight into the making, implementation and consequences of Pakistan's foreign policy from Partition to post 9/11 years. This concise history reflects his knowledge, experience and research that will be of interest to students as well as general readers seeking to form an objective perspective on Pakistan's foreign policy. [Pakistan's National Security Approach and Post-Cold War Security](#) Arshad Ali, 2021-03-30 This book analyzes the paradox that despite being a national security state, Pakistan has become even more insecure in the post-Cold War era. It provides an in-depth analysis of Pakistan's foreign and security policies and their implications for the overall state and society. The book identifies the immediate security challenges to Pakistan and charts the distinctive evolution of Pakistan's national security state in which the military elite became the dominant actor in the political sphere of government during and after the Cold War period. By examining the national security state, militarization, democracy and security proxy wars, and the hyper-military industrial complex, the author illustrates how the vanguard role of the military created considerable structural, sociopolitical, economic and security problems in Pakistan. Furthermore, the author argues that the mismatch between Pakistan's national security stance and the transformed security environment has been facilitated and sustained by the embedded interests of the country's military industrial complex. A critical evaluation of the role of the military in the political affairs of the government and how it has created structural problems for Pakistan, this book will be of interest to academics in the field of South Asian Politics and Security, South Asian Foreign and Security Policy, International Relations, Asian Security and Cold War Studies. [The Troubled Triangle](#) Zafar Iqbal Yousafzai, 2021-12-07 This book is a comprehensive analysis of the Taliban and how it has affected post-9/11 U.S.-Pakistan relations. It analyzes the genesis of the Taliban, the rationale behind their emergence, and how they consolidated their rule in Afghanistan from 1996 to 2001. It examines the U.S. policies towards the Taliban in the post-9/11 era and Pakistan's role as an ally in their efforts towards dismantling Taliban rule in Afghanistan from Obama's fight and talk policy to the Doha peace agreement in 2020. It also discusses the outcomes of the Global War on Terror (GWOt) as well as the Taliban's response to the U.S.-led ISAF and NATO forces in Afghanistan. The volume brings into focus Pakistan's policies vis-à-vis the Taliban following the start of GWOt and how it pushed the U.S.-Pakistan relations to its lowest ebb and then its role in bringing the Taliban to the negotiating table, which resulted in the U.S.-Taliban deal in Doha in February 2020. The author introduces a new balance of threat theory and expands on its applicability through the Taliban case study. The book will be of great interest to scholars and researchers of U.S. foreign policy, international relations, peace and conflict studies, strategic studies, history, diplomatic studies, and South Asian politics. [Pakistan's Foreign Policy 1947-2019](#) Abdul Sattar, 2020-07-09 Written with the express purpose of providing a reference book for students of history, political science, international relations, and Pakistan Studies, this book offers an objective history of policy stances along with

the rationale behind decisions made by Pakistani state leaders. It provides an insight into the making, implementation and consequences of Pakistan's foreign policy from Partition up to 2019. It will facilitate a deeper understanding of the strategic compulsions that have driven decision making in Pakistan's national security and foreign policy. This book incorporates new contours in relations with India, the US, China and Afghanistan. Further updates pertain to developments in such key areas as terrorism, Kashmir and the Middle East.

Routledge Handbook of the International Relations of South Asia Sumit Ganguly, Frank O'Donnell, 2022-10-28. This handbook offers a comprehensive overview of the international relations of South Asia. South Asia as a region is increasingly assuming greater significance in global politics for a host of compelling reasons. This volume offers the most comprehensive collection of perspectives on the international politics of South Asia and it covers an extensive range of issues spanning from inter state wars to migration in the region. Each contribution provides a careful discussion of the four major theoretical approaches to the study of international politics: Realism, Constructivism, Liberalism and Critical Theory. In turn, the chapters discuss the relevance of each approach to the issue area addressed in the book. The volume offers coverage of the key issues under four thematic sections: Theoretical Approaches to the Study of the International Relations of South Asia; Traditional and Emerging Security Issues in South Asia; The International Relations of South Asia; Cross cutting Regional Issues. Further, every effort has been made in the chapters to discuss the origins, evolution and future direction of each issue. This book will be of much interest to students of South Asian politics, human security, regional security and International Relations in general.

Deconstructing India-Pakistan Relations Sanjeev Kumar H. M., 2023-12-14. This book examines the complex dynamics of India-Pakistan relations by situating the same in the postcolonial setting of the subcontinent. In pursuit of this, the book analyses the impact of the linkages between the postcolonial processes of state making and the structuring of political communities upon the evolution of the problematic of state security in South Asia. For the purpose of undertaking this task, the author deconstructs the countries colonial history with an aim to map its impact on the making of the foreign policy of Pakistan. Drawing primarily from colonial discourse theory and historical sociology, the book links the trajectory of Pakistan's international politics to its domestic politics and weak state inheritances. By doing this, it offers a stimulating treatment of the history of the country's troubled postcolonial relations with India. This has been done in the book by presenting the modes by which the religio-military and politico-bureaucratic classes that constitute the power elite in Pakistan tended to have moulded an India-centred State security problematic. This book will be of interest to researchers studying South Asian security, India-Pakistan relations and the defence and foreign policy of Pakistan.

What's Wrong with Pakistan? Babar Ayaz, 2013-08-01. A courageous, comprehensive and no-holds-barred account by a veteran journalist of a 66-year-old nation that is still trying to find its identity and fighting its own demons. Beginning with the genetic defect that Pakistan was born with, Babar Ayaz highlights the numerous problems faced by Pakistan today that have arisen as a result of the country's foundation being based on religion. What Quaid-e-Azam Muhammad Ali Jinnah

managed to achieve as a separate homeland in August 1947 is today being consumed by religious fanaticism Ayaz attributes such a state of affairs to the Islamization of Pakistani laws which are in conflict with the twenty first century value systems The author next pinpoints how Jinnah failed to recognize the ethno linguistic diversity of the Pakistan he had created which needed proper distribution of power between the Centre and the states in the then existent West Pakistan and East Pakistan He describes how the centralization of power and the imposition of a single language for both wings of the country led to the dismemberment of Pakistan and the creation of Bangladesh in 1971 The book also analyzes the unwritten national security policy of Pakistan and how it has dictated its foreign policy Relations with the US India China Saudi Arabia Iran and Afghanistan are discussed vis vis the overall national security policy The author contends that the rise of fundamentalism is a global phenomenon but in Pakistan it has given birth to a plethora of Islamic militant groups covertly supported by the Pakistani intelligence services Pakistan has been branded as the most dangerous state of the world and the epicentre of terrorism He laments the fact that attempts to present the peaceful side of Islam are extremely feeble because of the dominance of the pro jihad elements which are pushing the country into a civil war like situation In spite of several years of attempts at indoctrination of the people through mass media and educational institutions in Pakistan the anti Indian feelings and extreme stands on Kashmir have been limited Ayaz believes that India and the developed world would have to help by being more accommodating and understanding so that the people of Pakistan can re invent their country Without moving towards secularism the author warns Pakistan will remain at war with itself as it is torn between the twenty first century and medieval religious value systems

Poland and South Asia Rajendra K. Jain,2024-05-18 This book explores the political economic defence and cultural relations of Poland with South Asia Afghanistan Bangladesh Bhutan India Myanmar Nepal Pakistan and Sri Lanka since the late 1940s to the present It examines how Polish preoccupation with gaining admission to NATO and the European Union led South Asia to fade into the margins of Polish foreign policy It discusses key narratives and perceptions of South Asia in the Polish media and thinktanks features of the South Asian diaspora in Poland and assesses future prospects of Warsaw s deepening political and economic engagement with the region The pioneering book will be essential reading for students and scholars of Central East European studies International Relations Indian foreign policy Polish Asian politics and foreign policy
