It's Our Turn Now Mario

Murillo, 2023-02-07 How can we ever hope for the world to get better if we keep limiting what God can do After reading this book you will step up with courage to be a part of the hope that the world needs against a destructive culture God has called you to be a witness of light in the middle of the darkness and you will obey Him with boldness and integrity Everyone living on the planet today has a front row seat to the failure of communism socialism and immorality People are sick to death of the fabrications lies control and tyranny Mario Murillo draws on his recent experiences in California where his ministry is experiencing souls being saved at a rate that surpasses even what was seen during the Jesus movement of the 1960s and 70s It s accelerating and Murillo believes it s a worldwide trend that has us poised for an unprecedented opportunity as the body of Christ We must seize this moment In It s Our Turn Now Murillo explains why now is the time for Christians to do the following Explain why everything man has taught us is bankrupting our morals and our souls Display the supernatural with integrity and clarity that we ve not seen before Answer directly the questions that are truly on the hearts and minds of the human race We are no longer the remnant There are millions of us and it s time to stop believing the false reports and listen to what people around us are feeling We have the answers a hungry world is dying for Only the gospel of Jesus Christ can deliver us and only the church can change the world through its power It s our turn to step up and stop limiting God **God and Cancel Culture** Stephen E. Strang, 2021-09-07 FROM THE BEST SELLING AUTHOR OF GOD AND DONALD TRUMP 64% of Americans believe cancel culture is a threat to their freedom This book will help you realize the seriousness of the battle before us and illuminate the present circumstance for the purpose of doing good to bring hope It will document what is happening in our country how believers can respond and why we can look expectantly to the future This is the time for neither religious fatalism nor political inaction No matter how bad things get in the culture or in government the Bible is true and God has plans and purposes we don t understand and in the end we win Things are chaotic in America Liberal policies are advancing A rash of executive orders appears to be moving the nation closer to socialism and a one world government And conservatives including many Christians are being censored as never before There s even a term cancel culture which 64 percent of Americans believe poses a threat to their freedom according to a Harvard CAPS Harris Poll Among Republicans that figure is even higher at 80 percent The term applies to all conservatives who oppose the politically correct crowd but it s part of a bigger effort to cancel Christianity and those who espouse biblical principles It almost seems this is the beginning of the end and the Antichrist will appear at any time You pick the cultural or political issue and there likely is not even the semblance of widespread agreement It seems that Christians are in an unprecedented season of fragmentation potential division and actual separation on many fronts Instead of going forward much of the church seems to be moving backward or standing still waiting for what s next The body of Christ is a big diverse family and we must choose to cheer one another on

rather than get into circular firing squads We are called to advance on every front This book will assess and affirm the different approaches playing out The body needs clarity and unity and has little of both right now Wounded armies want hope focus and encouragement This book will not throw anyone overboard who is standing for the truth in some positive way Rather it will allow readers to look critically at the various approaches vying for our allegiance and attention here in the middle of 2021 In the course of this survey we will find reason to affirm where people are fighting on the battlefield and validate the perspectives they bring Featuring interviews with a cross section of leaders this book will document what is happening in our country how believers can respond and why we can look to the future with hope Even though things are bad we must understand that conditions have been this bad or worse in the past and God always came through He has plans and purposes we don't understand Christians must not lose heart We must stand strong and not be intimidated We must pray and we must believe God for a great awakening No matter how bad things get in the culture or in government the Bible is true and all things work together for good to those who love God Rom 8:28 MEV That's because we are called according to His purpose A purpose never goes in reverse This book will reveal what that looks like in its various forms in the day in which we live It gives a great handle for promoting unity and appreciation of one another when that is breaking down so badly elsewhere Indeed maybe the love Jesus spoke about that makes us recognizable to the world will be seen as this book illuminates the supernatural unity among people of very diverse opinions and approaches while pointedly addressing these various hot button areas

**Latino Pentecostal Identity** Arlene M. Sánchez-Walsh, 2003 Benjamin Ortiz In These Times

The Devil's Music Randall J. Stephens, 2018-03-19 Randall Stephens traces rock's inspiration to the Pentecostal churches where Elvis Little Richard and others worshipped Faith which served as a vehicle for whites' fears led them to condemn the godless music of blacks and hippies But in a reversal of strategy evangelicals later embraced Christian rock as a way to project Jesus's message

*Demons in the USA* Michael E. Heyes, 2024-09-24 *Demons in the USA* argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed As Spiritualism's core principles reappeared in the New Age Christian interlocutors once more drew on this anti-Spiritualist paradigm to condemn the movement This condemnation is absorbed by and amplified through the film *The Exorcist* The author considers how the success of the film disseminates the anti-Spiritualist paradigm in surprising ways entangling it with entertainment science and politics such that it influences psychology the Satanic Panic of the 1980s and the contemporary QAnon movement This entanglement points to the broader argument of the work While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science the truth is that categories are not so easily separated The author contends that the need to enforce the boundaries of such categories and the failure to do so is a

hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views The book grounds the importance of media to the twentieth and twenty first century religious experience arguing that the United States of today would not be possible without The Exorcist and its products Demons in the USA will be of particular interest to scholars dealing with religion in America those with a focus on religion and film or those involved with contemporary demonology **La Visión** David Wilkerson,1975-04 Tomorrow won t be better David Wilkerson tells us about a vision he received None of the predictions in this book will be uncommon to those of us from this century What will happen Read this book and learn the truth that you will be able to read tomorrow in the newspaper
