The excerpts below are from *The Federalist*, which was written by Alexander Hamilton, James Madison, and John Jay to encourage ratification of the Constitution. Read the excerpts and decide which basic principles are the subject of each excerpt. Then use a separate sheet of paper to answer the Critical Thinking questions that follow.

**Excerpt 1**

" . . . we may define a republic to be, or at least may bestow that name on, a government which derives all its powers directly or indirectly from the great body of the people. . . . it is **ESSENTIAL** to such a government that it be derived from the great body of the society, not from an inconsiderable proportion, or a favored class of it. . . ."

—*The Federalist*No. 29

Basic Principle(s): \_\_\_\_\_

**Excerpt 2**

"The idea of a national government involves in it, not only an authority over the individual citizens, but an indefinite supremacy over all persons and things. . . . In this relation, then, the proposed government cannot be deemed a **NATIONAL** one; since its jurisdiction extends to certain enumerated objects only, and leaves to the several States a residuary and inviolable sovereignty over all other objects."

—*The Federalist*No. 28

Basic Principle(s): \_\_\_\_\_

**Excerpt 3**

"**THE** WHAT expedient, then, shall we finally resort, for maintaining in practice the necessary partition of power among the several departments, as laid down in the Constitution? . . . the great security against a gradual concentration of the several powers in the same department, consists in giving to those who administer each department the necessary constitutional checks and personal motives to resist encroachments of the others."
