Chasm City:

Chasm City Alastair Reynolds,2020-04-21 Return to the dazzling world of Revelation Space with this British Science Fiction Award winning space opera about a young man hell bent on revenge on the surface of a twisted disease corrupted planet The once utopian Chasm City a domed human settlement on an otherwise inhospitable planet has been overrun by a virus known as the Melding Plague capable of infecting any body organic or computerized Now with the entire city corrupted from the people to the very buildings they inhabit only the most wretched sort of existence remains For security operative Tanner Mirabel it is the landscape of nightmares through which he searches for a lowlife postmortal killer But the stakes are raised when his search brings him face to face with a centuries old atrocity that history would rather forget One of Locus and Science Fiction Chronicle s Best SF Novels of the Year **Scores** John Clute,2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy As Scores demonstrates his devotion to the task of understanding the central literatures of our era has not slackened There are jokes in Scores and curses and tirades and apologies and riffs but every word of every review in the end is about how we understand the stories we tell about the world Following on from his two previous books of collected reviews Strokes and Look at the Evidence this book collects reviews from a wide variety of sources but mostly from Interzone the New York Review of Science Fiction and Science Fiction Weekly Where it has seemed possible to do so without distorting contemporary responses to books these reviews have been revised sometimes extensively 125 review articles over 200 books reviewed in more than 214 000 words **Revelation Space** Alastair Reynolds,2002-05-28 The highly acclaimed first novel in the Revelation Space universe a debut that has redefined the space opera with a staggering journey across vast gulfs of time and space to confront the very nature of reality itself A TOUR DE FORCE RAVISHINGLY INVENTIVE Publishers Weekly Nine hundred thousand years ago something annihilated the Amarantin civilization just as it was on the verge of discovering space flight Now one scientist Dan Sylveste will stop at nothing to solve the Amarantin riddle before ancient history repeats itself With no other resources at his disposal Sylveste forges a dangerous alliance with the cyborg crew of the starship Nostalgia for Infinity But as he closes in on the secret a killer closes in on him Because the Amarantin were destroyed for a reason and if that reason is uncovered the universe and reality itself could be irrevocably altered **Spectacular Moments of Wonder with Dr. Monocle: That Certain Gentleman** John Theesfeld,2011-08-09 When a mysterious antiques collector contacts aging professor of world studies Dr Arthur Monocle his boring life of lecturing and retirement is turned upside down Join Dr Monocle and The Strongman as they journey deep into the treacherous war torn Chasm region in search of an ancient relic before it s lost to time Pursued by a shadowy group of masked agents called GhostWurks and a gang of incompetent assassins dubbed The League of Ornery Bedfellows Dr Monocle and The Strongman put their lives on the line for That Certain Gentleman It s a steampunk world an alternate earth full of automatons robots maldeviants mutants clockwork devices wondrous contraptions airships

exploring the human experience of death from every angle the spiritual the historical the physical the metaphysical from the perspective of those who have witnessed it those who face it and those who have somehow stepped back from it The End investigates an experience common to every single one of us and does so in a way that is engaging compelling a bit funny and a bit quirky in places heartbreaking in others but most of all fascinating The End provides a different framework through which to view death instead of the fear and mystery that so often shrouds this incredibly important moment of life
