verdadeiras relações políticas na proporção em que sua diferença chega clamando justiça com o intuito de também pertencer relação política. O terceiro assim traz equidade para as relações em sociedade. A vida em comunidade requer que sejam observados os diferentes para que a mesmidade não prevaleça e dá a dimensão antropológica do humano constituído como ser aberto relação de alteridade. Ainda preciso ir além possibilidade de uma aplicação política na comunidade instituída a partir da justiça pois precisa de artificios que possam garantir o direito do Outro. Para tanto o Estado possui a função de mediador social e se apresenta como Eleidade um aspecto do Terceiro capaz de garantir a relação justa entre o Eu o Outro e o Terceiro. A Eleidade existe para que a mesmidade não se repita e não se reduza o outro a um corpo material dispensável. Por demandas concretas advindas da fome exploração preconceitos que a justiça do Terceiro nasce. No entanto o Eu nunca existiu nem existir numa independência absoluta de autonomia total. O sujeito histórico e social nasce sempre numa relação plural a alteridade que possibilita a constituição do Eu. Se o Outro não existisse o Eu perderia a condição de possibilidade de seu existir enquanto sujeito histórico. A política vista então como a dimensão capaz de reestruturar as relações humanas a partir do respeito pela alteridade de cada membro da relação. A política moderna da autonomia fecha as portas para a alteridade. Por fim a política acontece com a chegada do Terceiro sobre os parâmetros que dizem respeito organização da Pluralidade humana. A justiça acontece com a necessidade de comparar o Outro ao Terceiro. O encontro tem sentido como realização da Justiça. A significância que motiva o agir político não está mais polarizado no ser mas no movimento do que vai em direção ao Outro para instaurar a paz e a justiça. Para Levinas esta seria a fonte de legitimidade do Estado e se o Estado não cumprisse esta vocação se não permitisse as relações interpessoais ou ocupasse o lugar delas ele seria ilegítimo. A política o momento em que o Eu se abre alteridade do outro ficando em alerta da responsabilidade pelo Outro na relação do face a face.
