**Hypnotic Language Learnings** Bryan Westra, 2015-01-04. Have you ever wondered how hypnotic language is used by world class communicators and how they so seamlessly influence and change minds of all they come in contact with? Some people perceive hypnotic language as being the most important learning one can learn in this life time. How do you think learning hypnotic language will benefit you? And as you have a think of that realize people need to be educated against the secret language patterns of the world's greatest manipulators. It's one thing to influence someone, it is quite another thing to use language to influence, hypnotize and persuade. There is a clear and distinct difference between manipulating someone and helping them to change their perceptions to create a true, lasting positive impact on their lives. Hypnotic language patterns aren't enough. Some conversational hypnotists think they are. They aren't however. You must understand how words are vehicles for emotions being carried forth from one person to other people. The emotions are what create the hypnotic affect by which people become hypnotized and suggestible. If you want to make this year powerful, get this volume and don't forget to get the other books in this series as well. What you gain will astonish you. You can learn hypnotic language, hypnotic language patterns, NLP language patterns, conversational hypnosis, covert hypnosis, indirect hypnosis, hypnotic persuasion, hypnotic influence, hypnotic storytelling and much, much more. *Covert Manipulation* William Cooper, 2020-11-05.
