Fishman,1978 **The Sociology of Language** Thomas Luckmann,1975 **The Sociology of Language** Joshua A. Fishman,1985 *The Sociology of Language; an Interdisciplinary Social Science Approach to Language in Society [By] Joshua A. Fishman* Joshua A. Fishman,1972 Man, Language and Society S. K. Ghosh,2019-01-14 No detailed description available for Man Language and Society Language in Culture and Class Anthony Davies Edwards,1976 The sociology of language is part of a recent convergence of interest in social linguistics This book provides some sociologically oriented guidance to an increasingly complex field of interdisciplinary activity Other introductions to the subject are available but they tend to have a linguistic emphasis The primary interest in this volume is what their use of language can tell us about people their social backgrounds loyalties and aspirations their perceptions of each other and of the situations in which they interact The main concepts and findings are introduced through a number of detailed examples of socially realistic language research These concepts are then applied to three problem areas the extent of social class differences in modes of communication the variety of perspectives on what their educational consequences might be and the special characteristics of classrooms as contexts for language use The whole sociolinguistic enterprise is too new to offer solutions in these problem areas But it can provide new insights into ways of speaking and their meaning to those who use them This book should therefore be of interest to at least three overlapping groups language specialists interested in a sociological as opposed to a linguistic view of their subject students of the social sciences who have come to see language as more than merely the medium through which ideas are expressed and interaction proceeds and educationists who are interested in what the sociology of language has to say about the large scale causes of educational failure and the small scale analysis of the daily realities of classroom communication Publisher **The Sociology of Language** Joshua A. Fishman,1972 **Sociolinguistics and the Sociology of Language** ,1986 *International Journal of the Sociology of Language* Robert Leon Cooper,1975 **The Sociology of Language** Joshua Aaron Fishman,1978 **Advances in the Sociology of Language** , **International Journal of the Sociology of Language** ,1974 **The Sociology of Language in Culture** Luis J. Valverde Zabaleta,1970 *Explorations in the Sociology of Language and Religion* Tope Omoniyi,Joshua A. Fishman,2006-08-17 The Sociology of Language and Religion SLR is still in its infancy as a sub discipline in the macrosociolinguistic tradition It is therefore no coincidence that the editorial collaboration to produce its first definitive text *Explorations in the Sociology of Language and Religion* has involved Joshua A Fishman often cited in the literature as one of the founders of the Sociology of Language Tope Omoniyi brings to the collaboration an insightful and

incisive critical eye for engaging with diversity in the treatment of language and religion Together as editors they have successfully midwived the birth of SLR The studies and debates contained in this volume revisit those themes that both of the contributory disciplines of Sociology of Language and Religion have common interest in The contributing authors explore new methodologies and paradigms of analysis that they deem appropriate for this interesting and complex interface in an attempt to demonstrate how the shared interests of these disciplines impact social practices in various communities around the world The ultimate objective of the discussions is to fashion tools for creating a body of new knowledge that supports the emergence of a better society Towards this end the authors have harnessed resources from varied geographical cultural linguistic and religious constituencies without compromising analytical depth In the process they have opened up new areas of sociolinguistic inquiry The volume is thus presented as a highly useful reference resource both for undergraduate and postgraduate scholarship
