The World of Species West End Games, Incorporated, 1995 [How to Make War \(Fourth Edition\)](#) James F. Dunnigan, 2003-04-01 An indispensable guide to how wars are fought. James F. Dunnigan's classic text has been enormously popular with citizens, professional soldiers, and journalists alike. Now it's been revised to include a stunning array of new subjects. From the cutting edge of cyberwar to the current concern about terrorism, How to Make War presents a clear picture of complex weapons, armed forces, and tactics. Describing a new world order, one with a greater number of equipped players than the Big Two, the United States and the former Soviet Union, this updated edition features all the elements of traditional warfare along with a discussion of terrorist techniques, nuclear, chemical, and biological weapons, and Third World ballistic missiles. Past editions of How to Make War were chillingly accurate in assessing and predicting the outcomes of all the major conflicts in the past two decades. Loaded with expertise and the latest information, this edition is an essential reference for any military library and a work that forewarns and forearms the Free World for the conflicts ahead. [The Cambodian Campaign](#) John M. Shaw, 2005 When American and South Vietnamese forces led by General Creighton Abrams

launched an attack into neutral Cambodia in 1970 the invasion ignited a firestorm of violent antiwar protests throughout the United States dealing yet another blow to Nixon's troubled presidency But as John Shaw shows the campaign also proved to be a major military success Most histories of the Vietnam War either give the Cambodian invasion short shrift or merely criticize it for its political fallout thus neglecting one of the campaign's key dimensions Approaching the subject from a distinctly military perspective Shaw shows how this carefully planned and executed offensive provided essential support for Nixon's decent interval and peace with honor strategies by eliminating North Vietnamese sanctuaries and supply bases located less than a hundred miles from Saigon and by pushing Communist troops off the Vietnamese border Despite the political cloud under which the operation was conducted Shaw argues that it was not only the best of available choices but one of the most successful operations of the entire war sustaining light casualties while protecting American troop withdrawal and buying time for Nixon's pacification and Vietnamization strategies He also shows how the United States took full advantage of fortuitous events such as the overthrow of Cambodia's Prince Sihanouk the redeployment of North Vietnamese forces and the late arrival of spring monsoons Although critics of the operation have protested that the North Vietnamese never did attack out of Cambodia Shaw makes a persuasive case that the near border threat was very real and imminent In the end he contends the campaign effectively precluded any major North Vietnamese military operations for over a year Based on exhaustive research and a deep analysis of the invasion's objectives planning organization and operations Shaw's shrewd study encourages a newfound respect for one of America's genuine military successes during the war

Wilson V. Cook County, 2011 *Harper's Pictorial Library of the World War* Albert Bushnell Hart, 1920 *The AK-47* Gordon L. Rottman, 2011-05-03 A detailed fully illustrated study of the most recognizable assault rifle ever produced The Kalashnikov AK 47 is the most ubiquitous assault rifle in the world with more AK 47s and its variants in use than any other individual small arm Created by Senior Sergeant Mikhail Kalashnikov and first adopted by the USSR soon after World War II its production continues to this day with an estimated 75 million produced worldwide Supported by photographs and original artwork this book takes a look at the complete history of the weapon discussing its design development and usage taking its story from the great armies of the Soviet Union to the insurgents and criminal gangs that often employ the weapon today *U.S. News & World Report*, 1990 *...Pictorial History of the World War*, by S.J. Duncan-Clark...
