Internet of Things: Usage And Application (UTeM Press) Zakiah Ayop,Nurul Azma Zakaria, ISBN 978 967 2145 33 2
Authors Zakiah Ayop Nurul Azma Zakaria The main goal of this book is to encourage both researchers and practitioners to share and exchange their experiences and recent studies between academia and industry The overall objectives are To improve the awareness of readers about IoT concepts technologies and application areas To present case studies and innovative applications of the IoT To highlight and discuss the recent development and emerging trends in the IoT To propose new models practical solutions and technological advances of the IoT To address implementation issues and challenges

Cloud IoT Systems for Smart Agricultural Engineering Saravanan Krishnan,J Bruce Ralphin Rose,N R Rajalakshmi,Narayanan Prasanth,2022-02-13 Agriculture plays a vital role in a country s growth Modern day technologies drive every domain toward smart systems The use of traditional agricultural procedures to satisfy modern day requirements is a challenging task Cloud IoT Systems for Smart Agricultural Engineering provides substantial coverage of various challenges of the agriculture domain through modern technologies such as the Internet of Things IoT cloud computing and many more This book offers various state of the art procedures to be deployed in a wide range of agricultural activities The concepts are discussed with the necessary implementations and clear examples Necessary illustrations are depicted in the chapters to ensure the effective delivery of the proposed concepts It presents the rapid advancement of the technologies in the existing agricultural model by applying the cloud IoT techniques A wide variety of novel architectural solutions are discussed in various chapters of this book This book provides comprehensive coverage of the most essential topics including New approaches on urban and vertical farming Smart crop management for Indian farmers Smart livestock management Precision agriculture using geographical information systems Machine learning techniques combined with IoT for smart agriculture Effective use of drones in smart agriculture This book provides solutions for the diverse domain of problems in agricultural engineering It can be used at the basic and intermediary levels for agricultural science and engineering graduate students researchers and practitioners

Advancements in Smart Computing and Information Security Sridaran Rajagopal,Kalpesh Popat,Divyakant Meva,Sunil Bajaja,2024-05-01 This 4 volume CCIS post conference set represents the proceedings of the Second International Conference on Advances in Smart Computing and Information Security ASCIS 2023 in Rajkot Gujarat India December 2023 The 91 full papers and 36 short papers in the volume were carefully checked and selected from 432 submissions Various application areas were presented at the conference including healthcare agriculture automotive construction and engineering pharmaceuticals cybercrime and sports

[Internet of Things Analytics and Its Applications](#) Dr Sudha M,2024-04-13 In this smart digital era the need for process automation has become an essential requirement in our day to day activities The use of existing smart sensors devices and internet connected things is an ever growing scenario Incorporating cost effective methods for connecting and coordinating these smart things is very useful to

accomplish cost effective automation that could enhance real time activities IoT has been realized as a cost effective solution in home automation farm monitoring and other fields as well

Advances in Data Science and Management Samarjeet Borah, Sambit Kr. Mishra, Milan Tuba, Aniket Mahanti, Zdzislaw Polkowski, 2026-01-01 This book includes high quality papers presented at the Third International Conference on Data Science and Management ICDSM 2024 organized by the Gandhi Institute for Education and Technology Bhubaneswar from December 13 14 2024 It features research in which data science is used to facilitate the decision making process in various application areas and covers a wide range of learning methods and their applications in a number of learning problems The empirical studies theoretical analyses and comparisons to psychological phenomena described contribute to the development of products to meet market demands The work is presented in two volumes

Proceedings of the Multimedia University Engineering Conference (MECON 2022) Mohamad Yusoff bin Alias, 2023-02-10 This is an open access book The Multimedia University Engineering Conference 2022 MECON 2022 aims to bring together related research scholars educators practitioners policy makers enthusiasts fellow students and industries to share and exchange their research experiences and results on all aspects of engineering technologies from various perspectives disciplines and fields It also offers an interdisciplinary platform for all stakeholders to present and discuss the most latest trends innovations and concerns as well as practical challenges encountered and solutions adopted in the realm of engineering technologies This conference is being co organised by the Faculty of Engineering FOE and Faculty of Engineering and Technology FET Multimedia University MECON 2022 carries the theme Sustainable Engineering for a Sustainable Future

Proceedings of the International Conference on Sensors and Microsystems Manish Tiwari, Ghanshyam Singh, Tawfik Ismail, Neha Singh, 2025-08-09 This book constitutes peer reviewed proceedings of the 1st International Conference on Sensors and Microsystems ICSM 2024 This book discusses the latest technological advancements in designing and implementing sensors and microsystems The book is a unique collection of chapters from different areas with a common theme The book covers a broad range of topics relating to sensors and microsystems which includes physics chemistry and materials science of the sensors and sensor applications in biomedical optoelectronic systems control and verification automated systems human computer interface etc with tailored intelligence to make a transformative impact on the economy industry and society It is beneficial for academic researchers and practitioners in the industry who work in this field

Advances in Data-Driven Computing and Intelligent Systems Jagdish Chand Bansal, Snehanshu Saha, Carlos A. Coello Coello, Hemant Rathore, 2026-01-01 This book is a collection of best selected research papers presented at the International Conference on Advances in Data driven Computing and Intelligent Systems ADCIS 2024 held at BITS Pilani K K Birla Goa Campus Goa India during September 20 21 2024 It includes state of the art research work in the cutting edge technologies in the field of data science and intelligent systems The book presents data driven computing it is a new field of computational analysis which uses provided data to directly produce predictive

outcomes The book is useful for academicians research scholars and industry persons

AI, Edge and IoT-based Smart Agriculture Ajith Abraham,Sujata Dash,Joel J.P.C. Rodrigues,Biswaranjan Acharya,Subhendu Kumar Pani,2021-11-10 AI Edge and IoT Smart Agriculture integrates applications of IoT edge computing and data analytics for sustainable agricultural development and introduces Edge of Thing based data analytics and IoT for predictability of crop soil and plant disease occurrence for improved sustainability and increased profitability The book also addresses precision irrigation precision horticulture greenhouse IoT livestock monitoring IoT ecosystem for agriculture mobile robot for precision agriculture energy monitoring storage management and smart farming The book provides an overarching focus on sustainable environment and sustainable economic development through smart and e agriculture Providing a medium for the exchange of expertise and inspiration contributions from both smart agriculture and data mining researchers around the world provide foundational insights The book provides practical application opportunities for the resolution of real world problems including contributions from the data mining data analytics Edge of Things and cloud research communities working in the farming production sector The book offers broad coverage of the concepts themes and instruments of this important and evolving area of IOT based agriculture Edge of Things and cloud based farming Greenhouse IOT mobile agriculture sustainable agriculture and big data analytics in agriculture toward smart farming Integrates sustainable agriculture Greenhouse IOT precision agriculture crops monitoring crops controlling to prediction livestock monitoring and farm management Presents data mining techniques for precision agriculture including weather prediction plant disease prediction and decision support for crop and soil selection Promotes the importance and uses in managing the agro ecosystem for food security Emphasizes low energy usage options for low cost and environmental sustainability

Flood Detection. Alert System for Flood Prevention and Reduction of Damages Bandar Naji Ali Hezam,2023-05-24 Scientific Essay from the year 2021 in the subject Geography Earth Science Meteorology Aeronomy Climatology Asia Pacific University of Technology and Innovation language English abstract The project presented in this paper aims to develop a flood detection system that helps to detect floods before they occur The system utilizes various sensors to detect potential flooding in a given area including water level sensors rain gauges and temperature sensors The data collected from these sensors is analyzed and used to generate alerts which can be sent to authorities emergency responders and citizens directly to their smartphone The project s ultimate goal is to improve flood prevention and mitigation efforts in the country and reduce the risk of damage to infrastructure property and loss of life caused by flooding By using innovative technology this flood detection system can significantly benefit the community and help the country better prepare for future flooding events

Arduino Based Automatic Plant Watering System Introduction

In the digital age, access to information has become easier than ever before. The ability to download Arduino Based Automatic Plant Watering System has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Arduino Based Automatic Plant Watering System has opened up a world of possibilities. Downloading Arduino Based Automatic Plant Watering System provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Arduino Based Automatic Plant Watering System has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Arduino Based Automatic Plant Watering System . These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Arduino Based Automatic Plant Watering System . Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Arduino Based Automatic Plant Watering System , users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Arduino Based Automatic Plant Watering System has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
